Provides information on the new features of current car and truck models, lists advantages and disadvantages, safety features, crash ratings, and specifications, and rates and reviews each vehicle.

Via 100 entries or "mini-chapters," the SAGE 21st Century Reference Series volumes on Communication will highlight the most important topics, issues, questions, and debates any student obtaining a degree in the field of communication ought to have mastered for effectiveness in the 21st Century. The purpose is to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not as much jargon, detail or density as a journal article or a research handbook chapter.

Guide to information on ... cars and light trucks.

Patricia Sorce is the administrative chair of the Rochester Institute of Technology School of Print Media and co-director of the RIT Printing Industry Center. Michael Pletka is manager of Customer Business Development at the Xerox Production Systems Group. Data-Driven Print is their answer to the question of how to overcome the strategic and operational barriers that have impeded growth in this media form by leveraging digital printing technology to deliver customized printed communications. This book, the second volume in the Printing Industry Center Series, documents the current use of personalization and custom communication while identifying the best practices, best prospects, and associated business models for delivering value to printing clients.

For the first time in one volume, Phil Edmonston, Canada ’ s automotive “ Dr. Phil, ” covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years.
