Although Thomas Aquinas's influence over philosophy endures to this day, the medieval genius did not consider himself a philosopher, but a Scripture scholar. The Aquinas Institute's hardcover Latin-English editions of Aquinas's commentaries on the Letters of St. Paul make many of these commentaries available in English for the first time.The bilingual format makes the work of this intellectual giant accessible to a broader audience than ever before in history. Aquinas's commentaries on the Pauline letters is a great gift for pastors, seminarians, or anyone who seeks a deeper intellectual reflection on Scripture.

This book, a companion volume to Gospels and Acts, is an omnibus edition comprising four titles in the Navarre Bible New Testament. These are: Romans and Galatians, Corinthians, Captivity Letters (Ephesians, Philippians, Colossians and Philemon), and Thessalonians and Pastoral Letters - all the texts directly attributed to St Paul. The Navarre Bible Reader's Edition contains the full biblical text in the Revised Standard Version with notes or commentaries.

Written with the average lay reader in mind, this pastoral commentary on the Epistle to the Romans offers readers a clear explanation of the Apostle Paul's influential and controversial letter. Quotations from church fathers and parallel expressions from Scripture create a methodology consistent with Orthodox tradition.By also using hymns and texts from the Orthodox liturgical services, the author supplies deeper and broader contexts for familiar biblical verses. Appropriate for personal and group biblical study and for spiritual guidance and edification, this volume also serves as a useful aid to pastors in teaching and preparation of homilies.

Paul writes his letter to the Philippians referencing two related forms of persecution. The Christians of Philippi are experiencing persecution by the Roman authorities who govern the Philippi. Paul himself is experiencing persecution by the Roman authorities (the Roman emperor's praetorian guard) in Rome. Roman persecution is thus the fundamental context for his letter. Paul's most basic premise in this letter is to hold high the slave, Jesus Christ! In perhaps the most moving passage he ever wrote (Phil 2:6-11) Paul delineates that Jesus did not count equality with God something to be grasped at but rather empties himself taking the form of a slave and embracing crucifixion, the slave's form of death. Accordingly, God has raised Jesus to the highest place and has caused all on the earth, above the earth, and under the earther to bow at the name of Jesus and to proclaim that Jesus alone is Lord to the glory of God the Father. Very significantly, Paul affirms that Christian slaves are ennobled by Jesus initiatives. Because these slaves now join the other Christian citizens in having "citizenship in heaven," Paul's letter constitutes a radical threat to the Roman imperial authorities in this way as well.

These translations of fragments of Origen's 'Commentary on Ephesians' and the complete text of Jerome's 'Commentary on Ephesians' use collateral texts from other works of Origen, Jerome and Rufinus to show Jérôme's dependence on Origen in numerous passages of his own commentary.

WHERE IS HISTORY GOING? A CHRISTIAN RESPONSE TO SECULAR PHILOSOPHIES OF HISTORY\$12.75Available: In StockIn a closely reasoned, logical presentation, Dr. Montgomery examines such issues as: Where is History Going? / What Does a Historian Know About Jesus Christ? / The Divinity of Jesus Christ / Karl Barth and Contemporary Theology of History / Tillich's Philosophy of History / Gordon Clark's Historical Philosophy / Toward a Christian Philosophy of History. Dr. Montgomery thoroughly documents his conclusions on the basis of a wide range of authorities, and concludes that the only valid approach to history is from the Christian perspective - the authority of God, His Son, and His Word.
