Another addition to the Southern Women series, Alabama Women celebrates women's histories in the Yellowhammer State by highlighting the lives and contributions of women and enriching our understanding of the past and present. Exploring such subjects as politics, arts, and civic organizations, this collection of eighteen biographical essays provides a window into the social, cultural, and geographic milieu of women's lives in Alabama. Featured individuals include Augusta Evans Wilson, Maria Fearing, Julia S. Tutwiler, Margaret Murray Washington, Pattie Ruffner Jacobs, Ida E. Brandon Mathis, Ruby Pickens Tartt, Zelda Sayre Fitzgerald, Sara Martin Mayfield, Bess Bolden Walcott, Virginia Foster Durr, Rosa Parks, Lurleen Burns Wallace, Margaret Charles Smith, and Harper Lee. Contributors: -Nancy Grisham Anderson on Harper Lee -Harriet E. Amos Doss on the enslaved women surgical patients of J. Marion Sims -Wayne Flynt and Marlene Hunt Rikard on Pattie Ruffner Jacobs -Caroline Gebhard on Bess Bolden Walcott -Staci Simon Glover on the immigrant women in metropolitan Birmingham -Sharon Green on the Townsend Family -Sheena Harris on Margaret Murray Washington -Christopher D. Haveman on the women of the Creek Removal Era -Kimberly D. Hill on Maria Fearing -Tina Naremore Jones on Ruby Pickens Tartt -Jenny M. Luke on Margaret Charles Smith -Rebecca Cawood McIntyre on Zelda Sayre Fitzgerald and Sara Martin Mayfield -Rebecca S. Montgomery on Ida E. Brandon Mathis -Paul M. Pruitt Jr. on Julia S. Tutwiler -Susan E. Reynolds on Augusta Evans Wilson -Patricia Sullivan on Virginia Foster Durr -Jeanne Theoharis on Rosa Parks -Susan Youngblood Ashmore on Lurleen Burns Wallace

Volume One: This volume, which spans the long period from the sixteenth century through the Civil War era, is remarkable for the religious, racial, ethnic, and class diversity of the women it features. Essays on plantation mistresses, overseers' wives, nonslaveholding women from the upcountry, slave women, and free black women in antebellum Charleston are certain to challenge notions about the slave South and about the significance of women to the state's economy. South Carolina's unusual history of religious tolerance is explored through the experiences of women of various faiths, and accounts of women from Europe, the West Indies, and other colonies reflect the diverse origins of the state's immigrants.

The surprising, often fiercely feminist, always fascinating, yet barely known, history of home economics. The term "home economics" may conjure traumatic memories of lopsided hand-sewn pillows or sunken muffins. But common conception obscures the story of the revolutionary science of better living. The field exploded opportunities for women in the twentieth century by reducing domestic work and providing jobs as professors, engineers, chemists, and businesspeople. And it has something to teach us today. In the surprising, often fiercely feminist and always fascinating The Secret History of Home Economics, Danielle Dreilinger traces the field's history from Black colleges to Eleanor Roosevelt to Okinawa, from a Betty Crocker brigade to DIY techies. These women—and they were mostly women—became chemists and marketers, studied nutrition, health, and exercise, tested parachutes, created astronaut food, and took bold steps in childhood development and education. Home economics followed the currents of American culture even as it shaped them. Dreilinger brings forward the racism within the movement along with the strides taken by women of color who were influential leaders and innovators. She also looks at the personal lives of home economics' women, as they chose to be single, share lives with other women, or try for egalitarian marriages. This groundbreaking and engaging history restores a denigrated subject to its rightful importance, as it reminds us that everyone should learn how to cook a meal, balance their account, and fight for a better world.

Examines material culture and the act of institution creation, especially through architecture and landscape, to recount a deeper history of the lives of African American women in the post-Civil War South.

Since the 1960s, many historians have condemned Booker T. Washington as a problematic, even negative, influence on African American progress. This attitude dramatically contrasts with the nationwide outpouring of grief and reverence that followed Washington's death in 1915. Kenneth M. Hamilton describes how, when, where, and why Americans commemorated the life of Booker T. Washington. For months following his death, tens of thousands of Americans, especially blacks, honored his memory. Their memorials revealed that Washington enjoyed widespread national support for his vision of America and the programs that he imparted to achieve his aspirations. Their actions and articulations provide rich insight into how a cross section of Washington's contemporaries viewed him. From private messages of solace to public pronouncements, countless Americans portrayed him as a revered national icon. Among other characteristics, commemorates voiced their appreciation of his humanitarianism, humility, nationalism, perseverance, philanthropy, progressivism, spirituality, and wisdom. Washington was the leading advocate of the Yankee Protestantism Ethic, which promoted education, and personal qualities such as pragmatism, perseverance, cleanliness, thrift, and the dignity of labor among African Americans.

This two-volume set is a thematically-arranged encyclopedia covering the social, political, and material culture of America during the Jim Crow Era. • Gives readers hard to find but important details about the daily lives of African Americans during the Jim Crow era • Offers insights based on social history into the daily experiences of the average person, engaging students' curiosity rather than focusing on the events, dates, and names of "traditional history" • Presents information within a thematic organization that encourages a more in-depth study of specific aspects of daily life under Jim Crow • Includes related primary documents that enable students to view history more directly and reach their own conclusions about past events • Examines a wide range of topics such as work, family life, clothing and fashion, food and drink, housing and community, politics, social customs, and spirituality • Provides a general introduction to each volume, individual topic introductions, numerous images and illustrations, a timeline of events, and a bibliography identifying print and non-print resources

Alphabetically-arranged entries from O to T that explores significant events, major persons, organizations, and political and social movements in African-American history from 1896 to the twenty-first-century.

Contemporary writings illuminating the struggles and achievements of African Americans since the seventeenth century are presented with brief historical notes
