El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sud-àfrica va establir els fermes fonaments sobre els quals, amb una força i ímpetu sense precedents, es va forjar el teatre negre d'aquests anys. Forma i contingut van sorgir a l'una del compromís polític i artístic

adoptat per aquests artistes contra l'imperialisme, el colonialisme i el racisme occidentals. Per primera vegada en la història, el teatre negre dels Estats Units i de Sud-àfrica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat. No obstant això, el context sociopolític i les circumstàncies específiques de cada país han generat igualment els trets distintius del teatre afronord-americà i negre sud-africà (incloses les diferències de gènere) manifestos en ramificacions artístiques totalment heterogènies i úniques.

A captivating portrait of Lorraine Hansberry's life, art, and political activism--one of O Magazine's best books of April 2021 "Hits the mark as a fresh and timely portrait of an influential playwright."—Publishers Weekly In this biography of Lorraine Hansberry (1930 – 1965), the author of *A Raisin in the Sun*, Soyica Diggs Colbert considers the playwright's life at the intersection of art and politics, with the theater operating as a “rehearsal room for [her] political and intellectual work.” Colbert argues that the success of *Raisin* overshadows Hansberry's other contributions, including the writer's innovative journalism and lesser known plays touching on controversial issues such as slavery, interracial communities, and black freedom movements. Colbert also details Hansberry's unique involvement in the black freedom struggles during the Cold War and the early civil rights movement, in order to paint a full portrait of her life and impact. Drawing from Hansberry's papers, speeches, and interviews, this book presents its subject as both a playwright and a political activist. It also reveals a new perspective on the roles of black women in mid-twentieth-century

In this groundbreaking study, Bruce McConachie uses the primary metaphor of containment—what happens when we categorize a play, a television show, or anything we view as having an inside, an outside, and a boundary between the two—as the dominant metaphor of cold war theatergoing. Drawing on the cognitive psychology and linguistics of George Lakoff and Mark Johnson, he provides unusual access to the ways in which spectators in the cold war years projected themselves into stage figures that gave them pleasure. McConachie reconstructs these cognitive processes by relying on scripts, set designs, reviews, memoirs, and other evidence. After establishing his theoretical framework, he focuses on three archtypal figures of containment significant in Cold War culture, Empty Boys, Family Circles, and Fragmented Heroes. McConachie uses a range of plays, musicals, and modern dances from the dominant culture of the Cold War to discuss these figures, including The Seven Year

Itch, Cat on a Hot Tin Roof; The King and I, A Raisin in the Sun, Night Journey, and The Crucible. In an epilogue, he discusses the legacy of Cold War theater from 1962 to 1992. Original and provocative, American Theater in the Culture of the Cold War illuminates the mind of the spectator in the context of Cold War culture; it uses cognitive studies and media theory to move away from semiotics and psychoanalysis, forging a new way of interpreting theater history.

This is the probing, hilarious and provocative story of Sidney, a disenchanted Greenwich Village intellectual, his wife Iris, an aspiring actress, and their colorful circle of friends and relations. Set against the shenanigans of a stormy political campaign, the play follows its characters in their unorthodox quests for meaningful lives in an age of corruption, alienation and cynicism. With compassion, humor and poignancy, the author examines questions concerning the fragility of love, morality and ethics, interracial relationships, drugs, rebellion, conformity and especially withdrawal from or commitment to the world.

The landmark play A Raisin in the Sun takes its title from a Langston Hughes poem which poses the questions "What happens to a dream deferred? Does it dry up like a raisin in the sun?" Focusing on a working-class African-American family in Chicago who save enough to purchase either a business in a black neighborhood or a house in a white neighborhood, the play exposes issues of racism and gender as the women of the family make important decisions that push against both racial and gender lines. This volume discusses gender in the play, looking at how the female
