ATI TEAS Practice Questions are the simplest way to prepare for the TEAS 6 test. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. If someone has never taken a practice test, then they are unprepared for the types of questions and answer choices that they will encounter on the official test. There is a tremendous advantage to someone taking the test that is already familiar with the questions and answer choices. Another advantage of taking practice tests is that you can assess your performance and see if you need to study and practice more, or if you're already prepared enough to achieve success on your test day. If you do well on the practice test, then you know you're prepared. If you struggle on the practice test, then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our ATI TEAS Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using

In August 2016, the ATI TEAS exam replaced the TEAS V. The ATI TEAS, already the most widely-used nursing school admission exam in the U.S., is now also used for allied health program admission nationwide. REA's ATI TEAS Crash Course® is aligned with the most recent exam changes to the TEAS, or Test of Essential Academic Skills. Our ATI TEAS Crash Course® features easy-to-read review chapters that cover every exam objective in reading, mathematics, science, and English and language usage. The new ATI TEAS allows for one unified test to cover BSN, ADN, PN, and Allied Health programs. The ATI TEAS test blueprint has been revised to align with evolving developments in the nursing field and the curriculum, creating different points of emphasis on the test. In addition, the number of questions allotted to each content area has been changed, and examinees now may use an on-screen calculator. --
