Peter Brown’s biography of St Augustine has enlightened half a century of scholarship, guided countless projects of serious students and served as a point of departure towards a spiritual pilgrimage for a general readership.

Augustine Of Hippo: A Biography: Brown, Peter, Illustrated ...

Biography. Born in 354 CE in the North African city of Tagaste to a Christian mother and pagan father, Augustine began his career as a pagan teacher of rhetoric in, among other places, Carthage. In search of better students, Augustine traveled to Rome in 383, assuming considerable personal risk in doing so, but was disappointed to discover his newfound students lacking the virtue he thought the necessary prerequisite for a proper education.

Biography - Augustine of Hippo

Peter Brown’s Augustine of Hippo is a brilliant tour-de-force that will delight any reader familiar with the history of theological thought or the late Roman empire. It recounts the life and intellectual struggles of a fascinating person, elucidates the writings of an important philosopher and gives a brilliant portrait of African society in the fifth century.

Augustine of Hippo: A Biography by Peter R.L. Brown

St Augustine of Hippo Biography. St Augustine was an influential Christian theologian from Numidia (modern-day Algeria). Augustine converted to Christianity in 386 and wrote extensively on Christianity. In particular, he emphasises the doctrine of original sin, the importance of grace and the Holy Trinity. Augustine was born in Souk Ahras in the Roman province of Numidia.

Augustine of Hippo: A Biography (New Edition, with an ...

Augustine of Hippo: A Biography book by Peter R.L. Brown. History Books > Ancient History Books.

This classic biography was first published forty-five years ago and has since established itself as the standard account of Saint Augustine’s life and teaching. The remarkable discovery of a considerable number of letters and sermons by Augustine cast fresh light on the first and last decades of his experience as a bishop. These circumstantial texts have led Peter Brown to reconsider some of his judgments on Augustine, both as the author of the Confessions and as the elderly bishop preaching and writing in the last years of Roman rule in north Africa. Brown’s reflections on the significance of these exciting new documents are contained in two chapters of a substantial Epilogue to his biography (the text of which is unaltered). He also reviews the changes in scholarship about Augustine since the 1960s. A personal as well as a scholarly fascination infuse the book-length epilogue and notes that Brown has added to his acclaimed portrait of the bishop of Hippo.

The life and works of Augustine of Hippo (354-430) have shaped the development of the Christian Church, sparking controversy and influencing the ideas of theologians through subsequent centuries. His words are still frequently quoted in devotions throughout the global Church today. His key themes retain a striking contemporary relevance - what is the place of the Church in the world? What is the relation between nature and grace? Augustine’s intellectual development is recounted with clarity and warmth in this newly rediscovered biography of Augustine, as interpreted by the acclaimed church historian, the late Professor Henry Chadwick. Augustine’s intellectual journey from schoolboy and student to Bishop and champion of Western Christendom in a period of intense political upheaval, is narrated in Chadwick’s characteristically rigorous yet sympathetic style. With a foreword by Peter Brown reflecting on Chadwick’s distinctive approach to Augustine.

Here is an outstanding new intellectual biography of Augustine of Hippo, written at once for scholars and students but also for the huge number of intelligent lay readers for whom Augustine is a towering figure in the history of Western civilisation.

From Pulitzer Prize–winner Garry Wills, the story of Augustine’s Confessions In this brief and incisive book, Pulitzer Prize–winning historian Garry Wills tells the story of the Confessions—what motivated Augustine to dictate it, how it asks to be read, and the many ways it has been misread in the one-and-a-half millennia since it was composed. Wills also addresses the reception of the book, from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today, when the Confessions has become an object of interest not just for Christians but also historians, philosophers, psychiatrists, and literary critics. With clarity and skill, Wills provides an unparalleled introduction to a spiritual classic that is one of the most important books in the Christian and Western traditions.

"This narrative of the first half of Augustine's life conjures the intellectual and social milieu of the late Roman Empire with a Proustian relish for detail." --New York Times In Augustine, celebrated historian Robin Lane Fox follows Augustine of Hippo on his journey to the writing of his Confessions. Unbaptized, Augustine indulged in a life of lust before finally confessing and converting. Lane Fox recounts Augustine's sexual sins, his time in an outlawed heretical sect, and his gradual return to spirituality. Magisterial and beautifully written, Augustine is the authoritative portrait of this colossal figure at his most thoughtful, vulnerable, and profound.

"This study provides an outline of St. Augustine's career and discusses three major fields of his controversial writings: against the Manichees, who denied the essential goodness of the material creation; the Donatists, who conceived of the Church only as an assembly of saints, and denied that God would operate through a sinful minister; and against the British theologian Pelagius and his supporters, whose concern for personal holiness and individual responsibility for conduct led them to deny the Fall and to maintain a theology of divine grace which saw infant baptism as desirable but not essential for salvation. Augustine's attacks on Pelagianism initiated a debate which lasted for many centuries, and still remains controversial to this day; but whatever view is taken with regard to his doctrine, his influence has been profound, and no serious Christian theologian can afford to ignore the issues which he raised." [Back cover].

In a stimulating and provocative reinterpretation of Augustine's ideas and their position in the Western intellectual tradition, Miles Hollingworth, though well versed in the latest scholarship, draws his inspiration largely from the actual narrative of Augustine's life. By this means he reintroduces a cardinal but long-neglected fact to the centre of Augustinian studies: that there is a direct line from Augustine's own early experiences of life to his later commentaries on humanity.

Saint Augustine -- the celebrated theologian who served as Bishop of Hippo from 396 C.E. until his death in 430 C.E. -- is widely regarded as one of the most influential thinkers in the Western world. His autobiography, Confessions, remains among the most important religious writings in the Christian tradition. In this eye-opening and eminently readable biography, renowned historical scholar James J. O'Donnell picks up where Augustine himself left off to offer a fascinating, in-depth portrait of an unparalleled politician, writer, and churchman in a time of uncertainty and religious turmoil. Augustine is a triumphant chronicle of an extraordinary life that is certain to surprise and enlighten even those who believed they knew the complex and remarkable man of God.

Few figures from antiquity are as well known to us as Augustine of Hippo. Thanks to his Confessions, we know a great deal about Augustine's life prior to his conversion to Christianity. Yet, without this little biography written by his intimate friend Possidius, bishop of Calama, we would know comparatively little about Augustine's life after his baptism. In straight-forward, unadorned prose, Possidius shows Augustine as a powerful intellect, voluminous writer, and compelling orator, willing and able to defend the Church against all comers be they pagans, Donatists, Arians or Manichaeans. But he also presents an Augustine who humbly endured the everyday trials and difficulties of life as a bishop in Roman Africa. He shows a man who ate sparingly, worked tirelessly, despised gossip, shunned the temptations of the flesh, and exercised prudence and frugality in the financial stewardship of his see. Possidius also supplies one of the only first-hand descriptions of the great tragedy of Augustine's life-the Vandalic conquest of Roman Africa. He poignantly describes Augustine's final illness as he lay locked inside Hippo Regius with the barbarian host literally at the city gates. More than simply the biography of a great saint, The Life of Saint Augustine provides a tantalizing glimpse into life in late Roman Africa-a prosperous society on the verge of destruction. This edition of Weiskotten's translation has been completely re-typeset for the modern reader. The text has been amended to include several corrections from an errata sheet that accompanied the original publication. It includes an expanded bibliography, updated citations, and a revised map. (Note: this edition does not include Weiskotten's revised Latin text.)
