Examines the use of the Bible in the early church and relates apostolic and patristic interpretation to contemporary trends in hermeneutics.

A hermeneutics book for the common person. Readers will appreciate the scholarly, yet readable style of Roy Zuck, former Professor of Bible Exposition at Dallas Theological Seminary.

As soon as it appeared, How to Read the Bible was recognized as a masterwork, "awesome, thrilling" (The New York Times), "wonderfully interesting, extremely well presented" (The Washington Post), and "a tour de force... a stunning narrative" (Publishers Weekly). Now in its tenth year of publication, the book remains the clearest, most inviting and readable guide to the Hebrew Bible around—and a profound meditation on the effect that modern biblical scholarship has had on traditional belief. Moving chapter by chapter, Harvard professor James Kugel covers the Bible's most significant stories—the Creation of the world, Adam and Eve, Cain and Abel, Noah and the flood, Abraham and Sarah, Jacob and his wives, Moses and the exodus, David's mighty kingdom, plus the writings of Isaiah, Jeremiah, and the other prophets, and on to the Babylonian conquest and the eventual return to Zion. Throughout, Kugel contrasts the way modern scholars understand these events with the way Christians and Jews have traditionally understood them. The latter is not, Kugel shows, a naive reading; rather, it is the product of a school of sophisticated interpreters who flourished toward the end of the biblical period. These highly ideological readers sought to put their own spin on texts that had been around for centuries, utterly transforming them in the process. Their interpretations became what the Bible meant for centuries and centuries—until modern scholarship came along. The question that this book ultimately asks is: What now? As one reviewer wrote, Kugel's answer provides "a contemporary model of how to read Sacred Scripture amidst the oppositional pulls of modern scholarship and tradition."

*Alexander Negrov surveys the history of biblical interpretation within the history of the Russian Orthodox church from the Kiev period (tenth to thirteenth centuries) until the Synodal period (1721-1917). He presents a coherent analysis of the essential elements of Orthodox biblical hermeneutics as it developed over a period of several centuries critical to the defining of the Orthodox church."--BOOK JACKET.

Discusses the history and diversity of early interpretation and the influence of Jewish traditions

Seventeen respected colleagues and former students of David C. Steinmetz have contributed to this important collection of essays produced in honor of Steinmetz's sixtieth birthday. The burden of the present volume is to examine the sources and resources and to illustrate the continuities and discontinuities in the exegetical tradition leading into and through the Reformation. Specifically, this collection of essays proposes to highlight the historical context of Reformation exegesis and to describe how a truly contextual understanding signals a highly illuminating turn in Reformation studies. The three essays included in Part 1 offer background perspectives on Reformation-era exegesis. Richard A. Muller provides background on biblical interpretation in the Reformation from the perspective of the Middle Ages. Karlfrid Froelich examines the fourfold exegetical method presented on the eve of the Reformation by Johannes Trithemius. John B. Payne offers a view of Erasmus's exegetical method in its relation to the approaches of Zwingli and Bullinger. The five essays included in Part 2 explore exegesis and interpretation in the early Reformation. Kenneth Hagen examines Luther's many approaches to the text of Psalm 118. Carl M. Leth discusses Balthasar Hubmaier's "Catholic" exegesis of the power of the keys in Matthew 16:18-19. Timothy J. Wengert takes on the issue of method, specifically the impact of humanist rhetoric on the exegetical method of Philip Melancthon. Irena Backus examines Martin Bucer's efforts to make sense of the difficult chronology of John 5-7 in the light of his dialogue with the exegetical tradition. W.P. Stephens addresses Zwingli's understanding of John 6:63, a text crucial to Zwingli's eucharistic debate with Luther. The seven essays included in Part 3 examine continuity and change in mid-sixteenth-century biblical interpretation. Susan E Schreiner probes Calvin's relation to the sixteenth-century debate regarding the grounds of certainty. Craig S. Farmer examines the exegesis of Bern theologian Wolfgang Musculus against the background of a catena of medieval readings of John 8. Joel E. Kok discusses the question of Bullinger's status as an exegete in relation to Calvin, with a special focus on the exegesis of Romans. John L. Thompson considers the survival of allegorical argumentation in Peter Martyr Vermigli's Old Testament exegesis. Lyle D. Bierma shows a clear relationship between Zacharias Ursinus's exposition of Exodus 20:8-11 and aspects of interpretations offered by Calvin, Vermigli, Bullinger, and Melancthon. John L. Farthing offers a fresh study of Girolamo Zanchi's interpretation of Gomer's harlotry in Hosea 1-3. Robert Kolb considers the doctrine of Christ in Nikolaus Selsecker's interpretation of Psalms 8, 22, and 110. Following a concluding essay by the editors on the significance of precritical exegesis, the final section of the volume, prepared by Micken L. Mattox, presents an up-to-date bibliography of the writings of David C. Steinmetz.

Biblical theology attempts to explore the theological coherence of the canonical witnesses; no serious Christian theology can overlook this issue. The essays in the present volume illustrate the complexity and richness of the conversation that results from attentive consideration of the question. In a time when some voices are calling for a moratorium on biblical theology or pronouncing its concerns obsolete, this collection of meaty essays demonstrates the continuing vitality and necessity of the enterprise. Richard B. Hays, George Washington Ivey Professor of New Testament, The Divinity School, Duke University, USA This volume on biblical theology jumps into the fray and poses the right kind of questions. It does not offer a single way forward. Several of the essays are quite fresh and provocative, breaking new ground (Bray, Reno); others set out the issues with clarity and grace (Bartholomew); others offer programmatic analysis (Webster; Bauckham); others offer a fresh angle of view (Chapman, Martin). The success of this series is in facing the challenge of disarray in biblical studies head-on and then modeling a variety of approaches to stimulate our reflection. Christopher Seitz, Professor of Old Testament and Theological Studies, St. Andrews University, UK

'Power and Responsibility in Biblical Interpretation' addresses the interpretive challenges now facing much biblical interpretation. Incorporating the methodologies of poststructuralism, postcolonialism, and liberation theology, the study presents a possible methodology which integrates scholarly and vernacular hermeneutics. The approach is based on the theories of Edward Said, adapting his concept of contrapuntal reading to the interpretation of 'Job'. The book sets this study in the broader context of a survey of current work in the field. The analysis of 'Job' examines the possibilities for dialogue between those interpretations that view suffering as a key theme in the book and those that do not. Interpretations of the 'Book of Job' are then compared to the psychology of suffering as experienced in various contexts today. The conclusion argues for pedagogical reform based upon the ethical and interpretive insights of contrapuntal hermeneutics.
