"Includes a 10-day jump-start plan"--Jacket.

Take your students through a fascinating journey of the Human Body with our 3-book BUNDLE. Start your journey with Cells, Skeletal & Muscular Systems. Build your own cell by sculpting the different parts. Invent your own alien skeleton using the different bones found in the human body. Next, visit your Senses, Nervous & Respiratory Systems. Learn how the brain interprets things we see with our eyes. Conduct an experiment to see just how much air your lungs can hold. Finally, end your journey with the Circulatory, Digestive & Reproductive Systems. Examine your own heartbeat as you learn how to take your pulse. Build a model of a kidney to see it working in action. Each concept is paired with hands-on activities and experiments. Aligned to the Next Generation State Standards and written to Bloom's Taxonomy and STEAM initiatives, additional crossword, word search, comprehension quiz and answer key are also included.

****This is the chapter slice "What Are Organs & Organ Systems?" from the full lesson plan "Cells, Skeletal & Muscular Systems"***** What do cells, bones and muscles have in common? They are all part of the human body, of course! Our resource takes you through a fascinating study of the human body with current information written for remedial students in grades 5 to 8. We warm up with a look at the structures and functions of cells, including specialized cells. Next, we examine how cells make up tissues, organs and organ systems. Then the eight major systems of the body are introduced, including the circulatory, respiratory, nervous, digestive, excretory and reproductive systems. Then on to an in-depth study of both the muscular and skeletal systems. Reading passages, activities for before and after reading, hands-on activities, test prep, and color mini posters are all included. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy and STEM initiatives.

Biology Quick Study Guide & Workbook: Trivia Questions Bank, Worksheets to Review Homeschool Notes with Answer Key PDF (Biology Self Teaching Guide about Self-Learning) includes revision notes for problem solving with 800 trivia questions.
