Energy performance feedback
is an essential tool in
addressing the current

Download Free Building People Journey Builder

Climate crisis. However, this is not simply another theoretical text about energy performance in buildings. This book is for anyone who wants to better understand how energy is used in buildings, and how

Download Free Building People Journey Builder

to drive down operational energy use – whether you're an architect, student, client, building services engineer, contractor, building operator or other stakeholder. Focusing on evidence from feedback on

Download Free Building People Journey Builder

Buildings in use, it explains what it takes to get them to perform as expected, as well as the reasons why they often fail. Energy, People, Buildings draws extensively on the findings of studies, UK

Download Free Building People Journey Builder

government-funded building performance evaluations and on original research into seven case studies from across the UK and abroad that have achieved exemplary energy use through building performance feedback.

Download Free Building People Journey Builder

Providing a clear roadmap to understanding aspects that impact building users' comfort and satisfaction, it also outlines the factors behind energy use and how to track it across the life of a project to ensure that

Download Free Building People Journey Builder

your building performs as intended. Case studies include: the Everyman Theatre, Liverpool; Rocky Mountain Institute Innovation Center, Colorado; and Carrowbreck Meadow, Norwich. Featured
