Customer Service Career Success through Customer Loyalty (Subscription) 6th Edition by Paul R. Timm and Publisher Pearson. Save up to 80% by choosing the eTextbook option for ISBN: 9780133112061, 0133112063. The print version of this textbook is ISBN: 9780133056259, 0133056252.

Customer Service: Career Success through Customer Loyalty, 6e provides a systematic process for building service skills that all business people need. Presented in a friendly, conversational manner, the text is filled with examples that demonstrate the link between service skills and career achievement. This edition features more on social networking, trustability, and customer service trends. Information is also included on internal customers, emerging technologies, and stress-reducing techniques. Throughout the text, there is an emphasis on transforming good service intentions into a

workable plan that yields loyalty and success.

**Customer Service: Career Success through Customer Loyalty, 5e** provides a systematic process for building service skills that all business people need. Presented in a friendly, conversational manner, the text is filled with examples that demonstrate the link between service skills and career achievement. This edition is reorganized so it is easy to see how key concepts fit together. New information is included on internal customers, emerging technologies, and stress-reducing techniques. Throughout the text, there is an emphasis on transforming good service intentions into a workable plan that exceeds customer expectations and creates loyalty and success.

**Straight Talk: Written Communication for Career Success** is a fresh new approach that gives tools needed to communicate with confidence. This text provides a thorough overview and hands-on practice in the written communication skills essential for life and work success. Whether writing person to person, or to a group, plenty of practical applications give hands on experience in: practicing effective writing, handling professional memos, participating in teams, and gaining confidence in delivering formal and informal professional documents. This book also helps students prepare for competitive events and includes a 5-Step Strategic Communication tactic which students can immediately apply and practice.

**PEOPLE AT WORK, 5e** focuses on the many psychological and social pressures that people experience when they interact with each other in the workplace. By focusing on the reader, the authors show how human behaviors and relationships play an important part in daily life. For students to go beyond just reading the book, self-evaluative exercises and learning projects are included to further students' understanding of relationships and help them accomplish

# Get Free By Paul R Timm

their goals in all types of organizations. Students are encouraged to complete the exercises and use the techniques as they interact with other people.

This text introduces a programme to aid with customer retention and business growth. There are tactics for consistently exceeding customer expectations through A-Plus value, personality, information, convenience and more.

Addressing the use of current technology in building customer loyalty, this practical, easily readable book explains how technology can enhance customer loyalty by exceeding expectations in small but significant ways. It teaches how to surprise customers with pleasant experiences, enabling companies to increase profitability. This book covers the following topics: success and customer loyalty, customer turnoffs and expectations, using technology as a loyalty-building enabler, and the management of that technology. For customer support representatives, help desk analysts, technical support staff, and other customer care professionals.

Paul Timm will teach readers how to become a "customer magnet". After reading this second edition, one will know how to establish a customer base, retain customers through satisfaction and appreciation, and win back lost customers. There are probably thousands of proven ways to win new customers, but Dr. Timm offers the best--a mix of classic, common sense tips, and ingenious advice.

A refresher on developing an authoritative, clear and friendly phone manner.

Presentation is the term we use to refer to all kinds of purposeful communication. We all spend large portions of our life "making presentations". How to Make Winning Presentations will give you

# Get Free By Paul R Timm

many ideas, but the ideas themselves won't do any good until you try them. Stud the Action Tips in this book, apply them, and you'll see a dramatic improvement in your ability to get your ideas across with clarity and impact. Take the mystery and fear out of making a speech or a presentation with *How to Make Winning Presentations*. Learn to feel comfortable and in control when speaking before one or 1,000 people.

Make a dramatic change in personal productivity, accomplishments, and life satisfaction. This logical, five-step approach guides you to take charge of your successes. Master time and task management, improve personal productivity and balance.
