Delegation of Duties: Events That Excuse Performance; Discharge.

Essential revision tool: they provide a concise outline of the principles for each of the major subject areas within undergraduate law. Written in clear, straight-forward language, the authors explain the principles, and highlight key cases and legislative provisions for each subject.

A practical guide for the non-contentious commercial lawyer, this book provides a "cradle to grave" view of transactions relating to the supply of goods and services. The core of the book deals with pre-contractual issues and the formation of the relevant contracts, then moves on to discharge of contractual obligations. Finally, defective performance is covered. The book comes with a CD-rom of precedents

Summarizes the Federal Acquisition Regulation System (FARS), improper business practices and personal conflicts of interest, publicizing contract actions, outsourcing/privatization, and competition requirements. Addresses acquisition plans, contractor qualifications, contract delivery, and performance. Explains socio-economic policies, commercial items, options, sealed bidding, and negotiation. Reviews general contracting requirements, intellectual property, cost accounting standards, cost principles, financing, protests, disputes, and appeals. Explores research and development contracting, construction and architect-engineer contracts, inspection and warranty, value engineering, delays, suspension of work, modifications, subcontracting, and government contract termination.

Read PDF Contract Law Nutshells

This edition of an established text provides a concise and up-to-date introduction to the English legal system. Both law students and students on vocational courses will welcome it as a highly readable and stimulating overview of the subject.
