D'Aulaires' Book of Norse Myths: d'Aulaire, Ingri, d ...

I was first introduced to the work of d'Aulaire back in the 5th grade, many years ago, with the Book of Greek Myths. Decades later I stumbled across this gem on Amazon and bought it immediately. The illustrations are just as good as in the Greek book, and they convey the dark flavor and material culture of the Norse in a satisfying way.

A collection of Greek myths.

The Caldecott medal-winning d'Aulaires once again captivate their young audience with this beautifully illustrated introduction to Norse legends, telling stories of Odin the All-father, Thor the Thunder-god and the theft of his hammer, Loki the mischievous god of the Jotun Race, and Ragnarokk, the destiny of the gods. Children meet Bragi, the god of poetry, and the famous Valkyrie maidens, among other gods, goddesses, heroes, and giants. Illustrations throughout depict the wondrous other world of Norse folklore and its fantastical Northern landscape.

In this spectacular follow-up to their beloved Book of Norse Myths, the husband-and-wife team of Ingri and Edgar Parin d ' Aulaire explore the uncanny reaches of Norse mythology, an enchanted night-world populated by trolls of all kinds—mountain trolls, forest trolls, trolls who live underwater and trolls who live under bridges, uncouth, unkempt, unbreakable, unforgettable, and invariably unbelievably ugly trolls—who work their wiles and carry on in the most bizarre and entertaining fashions. With their matchless talent as storytellers and illustrators, the d ' Aulaires bring to life the weird and wonderful world of Norse mythology.

One summer ' s eve Ola, Lina, Sina, and Trina leave their village to gather firewood in the forest, when they ' re surprised by the hideous call of the terrible troll-bird, a giant rooster who pops up out of the treetops and swoops down to devour their beloved horse Blakken. Little does the terrible troll-bird know that in Ola, Lina, Sina, and Trina he has finally met his match: his terrible days of terrorizing are over. Before long the whole village is celebrating the monster ' s demise, and even the gnomes and hulder-maidens are coming out of their hiding places in the woods to participate in a great feast. All celebration is cut short, though, with the startling appearance of two monstrous moss-grown trolls even more terrible than the terrible

troll-bird himself. Luckily, the children rise to the occasion once more, saving the day before they set out on a splendid new adventure. Filled with vibrant illustrations and telling a story of childhood ingenuity and bravery, *The Terrible Troll-Bird* is a delightful companion to Ingri and Edgar Parin d'Aulaire's more comprehensive books of Norwegian folklore, *D'Aulaires' Book of Norse Myths* and *D'Aulaires' Book of Trolls*.

Text and illustrations present the life of the boy born on the Kentucky frontier who became the sixteenth president of the United States.

"Discover Norse mythology through the enthralling exploits of all-powerful Odin, mighty Thor, and the trickster Loki."--Front jacket flap.

This book examines the history, construction, and legacy of the Great Pyramid of Giza. Clear text and vibrant photos grab and hold readers' interest, and QR Codes in each chapter link to book-specific videos, activities, and more. Features include a table of contents, fun facts, Making Connections questions, a glossary, an infographic, and an index. Aligned to Common Core Standards and correlated to state standards. DiscoverRoo is an imprint of Pop!, a division of ABDO.

THE CELEBRATED HUSBAND-AND-WIFE TEAM OF INGRI AND EDGAR PARIN D'AULAIRE prepared this exceptionally beautiful volume for their own son Ola, and it is as fresh and enchanting today as it was when it first sprung from their imaginations. *D'Aulaires' Book of Animals* introduces young children to the creatures of every continent. Here more than fifty animals lithographed in full color form one side of a book that can be read page by page or unfolded to form a continuous panorama; the flipside of the panorama reveals the nighttime world of the animals in the very same settings. Each tableau presents the subjects in their native environments—from the tropical to the arctic—and is rendered with the exemplary richness of color and delightful understanding of the children's world that distinguish the d'Aulaires' much-loved retellings of the Norse and Greek myths and their wildly playful *Book of Trolls*. Young children, meeting animals from all over the world for the first time, will be delighted not only with the animals themselves but with the simple and engaging text which provides information about the way they act, the world they live in, and—best of all—the sounds they make. *D'Aulaires' Book of Animals* is not only a perfect picture book for preschoolers, but a work of art that can be enjoyed by all.

'Evelyn went to the third drawer down in her dresser. It was her drawer of things past ... she had an item from each of her previous lives. Evelyn was good at reinventing herself, becoming who she was going to be next, but she still kept one thing from each life. Never two.' For Evelyn, mornings pass as mornings always do. She ticks off the jobs at the laundromat and gives welcoming smiles to those who come in. If they've earned one. Evelyn knows what is going on in her community because she pays attention. She sees the weariness of the frazzled shop owners, the woman with the nasty boyfriend, the nice man with the curly-topped dog, the car parking war and the forgetful man. The community might not notice Evelyn, because it is easy to overlook the seemingly ordinary. But Evelyn is far from ordinary. She isn't afraid to put things right, and is always ready to find lost property or lost people - even if that means breaking the rules. For a boy with a struggling mum, and a lonely man with a smile in his eyes, Evelyn is going to make a difference, whether they like it or not. She will teach them that you don't have to be blood to be family. And they will remind her of what comes from loving someone. It is up to Evelyn if she can pay the price. With a joyous and unique touch, Hilde Hinton's extraordinary novel *A SOLITARY WALK ON THE MOON* gives us an insight

into the people we pass on the street. In detailing their rich lives, she breaks then mends our hearts with her wisdom, her insight and her unforgettable characters who remind us what can happen if we stop and say hello. Praise for Hilde Hinton'Hinton has an ear for dialogue and an eye for detail, but her work's greatest asset is its heart. Her moving, well-realised debut [The Loudness of Unsaid Things] introduces a promising Australian writer. - Australian Book Review
