thunder. Working with the potent energy of nature's bounty, you will learn to nurture and embrace your inner guardian witch through spell work. Brimming with rituals, wishes and enchantments to encourage spiritual growth, abundance and prosperity, and featuring beautiful illustrations from the author, this book is an illuminating guide to harnessing the earth's power for personal reflection. It reveals how magic can be used as a reciprocal force for good that protects and promotes our well-being, as well as that of our planet. The Little Book of Earth Magic is for those who seek to form a meaningful connection with nature and take their spiritual practice to a new level.

In the Geomancer's Handbook the renowned contemporary mage and geomancer John Michael Greer explains this ancient divinatory art clearly and succinctly, allowing the practitioner quick mastery of this precise and accurate method of prediction. Because geomancy uses a good deal of astrological technique, it is an excellent predictive method for astrologers without requiring the arduous effort necessary to learn traditional horary astrology. Greer combines teachings from traditional texts with his own deep knowledge of geomancy, distilling the essence of geomancy. A fascinating explanation of divinatory geomancy by the leading contemporary geomancer!

The ways of magic are revealed in nature . . . The secrets are written in meandering streams and drifting clouds, whispered by the roaring ocean and cooling breeze, echoed through caves and rocks and forests. Geomancy, a three-thousand-year-old form of earth divination, can answer your questions about relationships, career, money, and all aspects of life. In this comprehensive, easy-to-follow introduction to the topic, bestselling author Richard Webster presents eight different methods you can try, from astrological geomancy to Arthurian divination to a version attributed to Napoleon. Each method is based on making a random number of marks, then interpreting the message based on the resulting pattern. *Geomancy for Beginners* also includes simple instructions on how to craft your own geomantic tools. With Webster's sample readings and diagrams, it's easy to begin practicing this age-old form of divination to receive guidance and insight.

J.R.R. Tolkien claimed that he based the land of Middle Earth on a real place. The Real Middle Earth brings alive, for the first time, the very real civilization in which those who lived had a vision of life animated by beings beyond the material world. Magic was real to these people and they believed their universe was held

together by an interlaced web of golden threads visible only to wizards. At its center was Middle Earth, a place peopled by humans, but imbued with spiritual power. It was a real realm that stretched from Old England to Scandinavia and across to western Europe, encompassing Celts, Anglo Saxons and Vikings.

Looking first at the rich and varied tribes who made up the populace of this mystical land, Bates looks at how the people lived their daily lives in a world of magic and mystery. Using archaeological, historical, and psychological research, Brian Bates breathes life into this civilization of two thousand years ago in a book that every Tolkien fan will want.
