~~Michael Campbell's bestselling POPULAR MUSIC IN AMERICA remains the industry standard in breadth of coverage, readability and musical focus. Students follow the evolution of popular music from the mid-19th century to the present with discussions of connections, contrasts and patterns of influence among artists, styles and eras. The new fifth edition offers an in-depth section on 21st century music, helping instructors to connect to their students through a modern lens. Units are clearly defined by style and timeframe, and chapters feature narrowly focused objectives. This edition features a vibrant, richly illustrated, magazine-like design that appeals to visually oriented readers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.~~

~~First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.~~

~~Elvis Presley's clever manipulation of his numerous interests remains one of the music world's great marvels. His synthesis of country, rhythm & blues and gospel resulted in an inventive mixture of hair-raising rock & roll and balladry. This book focuses on the music of Presley's groundbreaking early years and includes a comprehensive analysis of every Presley recording session from the 1950s. Chapters show how Presley, with one foot in delta mud and the other in a country hoedown, teamed with Scotty Moore and Bill Black to fuse two distinctly American musical forms--country and blues--to form what would come to be known as "rockabilly." Also detailed is Presley's influence on music and how his contributions are still celebrated today.~~
