German For Reading Second Edition

Also, there are exercises and short stories for practicing reading skills. The presentation may be in need of an update. Most importantly, though, the content and basic layout of the free edition provides a solid way to begin learning the German language. (In addition, a revised paperback edition apparently is available from the author for a fee.)

Learn to apply basic German grammar and vocabulary to reading and translating progressively complex texts with the seventh edition of JANNACH'S GERMAN FOR READING KNOWLEDGE. Recognized as the leader in teaching reading skills, this text provides the tools you need to read specialized literature in your field. The Book Companion Website contains the readings that appear in each chapter, plus new comprehension questions and activities about the readings that are designed to let you practice specific reading skills. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Reading German is a structured reading course designed to take a wide variety of users to an independent reading of authentic German texts. It is ideally suited for courses in colleges and universities, for students or specialists in any discipline, and for independent learners. Drawing on recent research into reading in a foreign language, the course chapters focus on the recognition and decoding of progressively complex written structures, before rehearsing a variety of strategies (suchas skimming and scanning) for negotiating longer and more complex texts. The book has four sections: a 16-chapter reading course an extensive reference section containing a specially-designed grammar of written German a further exercises section, for further work on recognizing structures a text corpus containing 23 texts of various types, with facing English translations. Grammatical points explained in the reference section are frequently illustrated using examples located in the text corpus. The only other resource the user will need is a bilingual dictionary. Advice on how to use a dictionary is contained in the reference section.

German Reading Skills for Academic Purposes allows researchers and learners with no prior understanding of German to gain an understanding of written German at CEFR C2/ACTFL Intermediate-High level that will allow them to read a variety of German texts, including research articles and monographs. This is achieved by looking closely at the elements of German grammar required for the understanding of written German along with practical advice and observations. One of the main themes running through the textbook is that it uses a toolkit approach that puts deductive reasoning and decoding skills at its heart to allow learners to engage with a wide variety of texts.

Programmed text for acquisition of reading skills for beginning courses or rapid review.

The Handbook of Reading Theological German is the premier resource for equipping those interested in reading and translating original German source materials and preparing academics for German comprehension examination. The book is ideal for students in biblical studies, church history, Jewish studies, and theology. Coauthored by Katharina Hirt, a native German speaker and professional linguist, and Christopher Ryan Jones, a native English speaker and doctoral candidate in biblical studies, this collaboration draws on the latest developments in linguistics to present a cutting-edge teaching methodology for graduate students learning to read German for research. Attuned to the specific needs of English speakers learning German, this handbook is well suited for independent study or for use in the classroom. Providing abundant exercises and readings, Jones and Hirt's work provides an excellent entry point for students required to learn theological German. The Handbook of Reading Theological German provides: An introduction to German grammar A demonstration of the role that German theology has had in the development of modern Jewish and Christian practices. Guided readings and biographies of six major German theologians and philosophers Further, advanced readings with minimal guidance from contemporary authors in the areas of Hebrew Bible, New Testament, Jewish studies, church history, and theology, so that students can focus on literature from their chosen field of study

Hailed for its coiled eroticism and the moral claims it makes upon the reader, this mesmerizing novel is a story of love and secrets, horror and compassion, unfolding against the haunted landscape of postwar Germany. When he falls ill on his way home from school, fifteen-year-old Michael Berg is rescued by Hanna, a woman twice his age. In time she becomes his lover—then she inexplicably disappears. When Michael next sees her, he is a young law student, and she is on trial for a hideous crime. As he watches her refuse to defend her innocence, Michael gradually realizes that Hanna may be guarding a secret she considers more shameful than murder.

When a dissertation crosses my desk, I usually want to grab it by its metaphorical lapels and give it a good shake. “You know something!” I would say if it could hear me. “Now tell it to us in language we can understand!” Since its publication in 2005, From Dissertation to Book has helped thousands of young academic authors get their books beyond the thesis committee and into the hands of interested publishers and general readers. Now revised and updated to reflect the evolution of scholarly publishing, this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees. At the heart of From Dissertation to Book is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience—a committee or advisors—to those of a broader scholarly audience that wants writing to be both informative and engaging. William Germano offers clear guidance on how to do this, with advice on such topics as rethinking the table of contents, taming runaway footnotes, shaping chapter length, and confronting the limitations of jargon, alongside helpful timetables for light or heavy revision. Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy, whether reading on a page or a screen. Germano also acknowledges that not all dissertations can or even should become books and explores other, often overlooked, options, such as turning them into journal articles or chapters in an edited work. With clear directions, engaging examples, and an eye for the idiosyncrasies of academic writing, From Dissertation to Book reveals to recent PhDs the secrets of careful and thoughtful revision—a skill that will be truly invaluable as they add “author” to their curriculum vitae.

What if you had a guidebook that you could turn to at each stage of your academic journey to help you navigate through the process of getting a PhD in Biblical Studies and succeeding in the academic world? This book is precisely intended to fill that need. From theory to practice, you will find discussions and answers to the most pertinent and pressing questions that prospective and current doctoral students are faced with: How do I choose a program? How can I gain admission into an elite program? How do I write a research topic? Alongside the “big” questions about the process, there are also a host of smaller matters: How do I publish an article? What conferences are out there in my field? Where do I start looking for a job? How do I get teaching experience? How do I write a syllabus? This guidebook tackles all of these questions and many more in three parts: Prepare focuses on getting into a PhD program; Succeed guides you through the doctoral program, especially the writing of the dissertation; and Advance treats issues that relate to success in the academic world such as conference participation, publishing, employment, and best practices in teaching. PRAISE FOR THE FIRST EDITION "Gupta has kindly provided me a book version of an academic mentor. In a time when many professors are busy, Gupta walks the extra mile and makes himself present not only in person to those near him, but also in writing for those like me. I can't thank him enough!" --Natan B. de Carvalho, College Student "Dr. Gupta's book offered indispensable advice for me as I applied for PhD programs, completed my thesis, and applied for (and secured) tenure-track jobs. I am grateful for his service to the guild!" --Madison N. Pierce, Assistant Professor in New Testament, TEDS "Having started seminary about a year after the first edition appeared, I was able to use Gupta's abundance of clear-headed advice to build a path to doctoral study. I can see, as a student in a first-tier PhD program, that this journey would not have been possible had I not been able to learn the many unspoken rules Gupta outlines in this invaluable book." --Jonathan Groce, New Testament PhD student at Emory University "This book should be required for anyone even slightly interested in biblical higher education. I've enjoyed it so much that I've bought it three times, having given it away to two students." --Ryan Lytton, Director of Academic Services and Adjunct Professor at Life Pacific University-Virginia "This book has proven immensely helpful as I navigated the PhD application process. Providing useful benchmarks and invaluable suggestions, Gupta's sage advice prepared me for success." --Benjamin Castaneda, PhD student at the University of St. Andrews "The world of academic biblical studies can be difficult to navigate, especially for ethnic minorities. This book has prepared me well by making an opaque process clear and straightforward. I recommend it to anyone considering this path." --Daniel K. Eng, PhD candidate, University of Cambridge "I wanted to thank you for the invaluable guidance your book provided as I made decisions concerning my academic future. I have just completed my M.A. in Classical Studies at Villanova and was accepted into graduate programs at both Edinburgh and Oxford. Every step of the way your text provided clear and specific recommendations. It was a true blessing." --Ken Tully, Adjunct Faculty at Villanova "Prepare, Succeed, Advance is a tremendously helpful reference tool. As an academic advisor, I will make this the first resource I recommend to colleagues who may not have the advantage of personal experience in a PhD program. As a student, I will regularly return to Gupta's work for counsel on the next stage of academic life. Doctoral students should rejoice at having such a sure guide to academic success and commend Gupta for his contribution." --Samuel Emadi, review in JETS 56/1 (2013) 139-141, (140-141) "This guide is indispensable to anyone thinking about a PhD." --Abram K-J, "Should I get a PhD?" Words on the Word blog, July 9 2012 "Nijay Gupta's Prepare, Succeed, Advance: A Guidebook for Getting a PhD in Biblical Studies and Beyond is just that, a guidebook. It does not claim to provide a formula on how the entire process works. At the same time, it is more than that in the sense that Gupta's honesty, attention to detail, and measured optimism throughout the entire book give his voice a level of credibility and warmth that prospective students will find invaluable as they begin their own individual paths toward academia." --Michael Suh, PhD, Emory, review in RBL: October 2014 "Prepare, Succeed, Advance has so many helpful points that my highlighter almost gave out. If you have even the tiniest desire to pursue a PhD in Biblical Studies, get a few pencils, two highlighters, and a copy of this book. You won't be sorry." --Andrew Kelley, PhD, Edinburgh "When I started to investigate what a PhD in Biblical Studies entailed I was lost. What do schools look for? What programs are better for what field? So many questions, and so little (quality) answers. When I found Dr. Gupta's book I found both a map and compass. His book laid out the road ahead—including avenues to avoid, and boulevards to explore in more detail. Following Dr. Gupta's candid advice I have received offers to study at a couple of UK PhD programs. I think I owe Dr. Gupta some money! Buy this book—you will not be disappointed!" --Joshua Morris

A #1 bestseller on Amazon for early childhood education with more than half a million copies in print, Teach Your Child to Read in 100 Easy Lessons will give your child the reading skills needed now for a better chance at tomorrow, while bringing you and your child closer together. Is your child halfway through first grade and still unable to read? Is your preschooler bored with coloring and ready for reading?
