What is Black Millionaire Secrets? It is NOT just another "GET RICH" book. It is NOT a book about traffic - but it will help you get a lot more sales and subscribers from the traffic you currently get (even if it's not that much right now). It is NOT a book about product creation - but it will help you sell a lot more products, services, coaching, software, or whatever you sell. This is NOT a book about building your following - but it will help you build huge lists of targeted, rabid, ready-to-buy subscribers. Black Millionaire Secrets is A SHORTCUT This is not a book about "how to get rich"... but, if you do what it says, you will definitely make more money than you're making right now. If you've ever been frustrated by lack of funds... This is the book you've been looking for! Recently we've been trying and testing a bunch of different business strategies. almost NOTHING to do with: What type of business you had...What your designs looked like...Or even what you were selling!But instead, it had everything to do with your ability to: Connect with the people who came into your world...Understand how to tell your brand's story... (mastering "story selling") How well you can use the fundamentals of persuasion to build rapport with your website visitors...Build a tribe of people who bought from you over and over again, and became lifelong customers...They Had Mastered The Art Of Being A Guerrilla...To Achieve The Results That Their Business Promised...Many people get nervous when they hear me say the word "Guerrilla..." because they don't consider themselves aggressive."But Ashe... You've been called to serve a group of people with the products, services, and offers that you've created. You ' ve heard again and again that getting rich means working hard and being willing to put in long hours, often at the expense of everything else in your life. The 6-Minute Work Day is here to dispel that myth—and show you how to grow your income without wasting all your time and energy on work. So many financial gurus, business books, and corporate training seminars teach you to hustle, grind, work harder, start work early, and stay late to be able to move forward in your career—or even just make ends meet. But then you get that promotion or pay off that debt and the hustle starts again. And again. And again. The truth is, you don ' t need to put in more hours to

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money

blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

The bestselling author of *The Millionaire Next Door* reveals easy ways to build real wealth. With well over two million of his books sold, and huge praise from many media outlets, Dr. Thomas J. Stanley is a recognized and highly respected authority on how the wealthy act and think. Now, in *Stop Acting Rich ? and Start Living Like a Millionaire*, he details how the less affluent have fallen into the elite luxury brand trap that keeps them from acquiring wealth and details how to get out of it by emulating the working rich as opposed to the super elite. Puts wealth in perspective and shows you how to live rich without spending more. Details why we spend lavishly and how to stop this destructive cycle. Discusses how being "rich" means more than just big houses and luxury cars. A defensive strategy for tough times, *Stop Acting Rich* shows readers how to live a rich, happy life through accumulating more wealth and using it to achieve the type of financial freedom that will create true happiness and fulfillment.
