Hardly any book tells more about the history of Chicago Blues. Hardly any biography reveals more anecdotes and secrets of the Blues. Tampa Red (ca. 1903 - 1981) should be mentioned in the same breath with legends like Robert Johnson, Muddy Waters or B.B. King. For more than 20

years Tampa Red set the tone in Chicago; the first with a brass guitar, one of the first with an electric guitar, pioneering slide virtuoso, author of more than 300 song pearls, mentor of many later stars. But Hudson Whittaker, as his real name was, lost glory and health towards the end of

his life, died lonely as a forgotten man. To this day, no comprehensive book has been published, no film, nothing. Unbelievable! Now, finally, this great gap in blues literature is filled. The award-winning Swiss book author and blues musician Richard Koechli traces Tampa Red's life

Embedded in a fictional conversation
with the young nursing assistant
Anna and her music-obsessed friend
Eric, Koechli lets Hudson Whittaker
tell his own story right before his

clarifying like a history book," raves
the online magazine bluesnews.ch.
"With this book, Koechli makes public
an important and hitherto hardly
noticed chapter in music history; for
Blues fans a bubbling source of
knowledge with plenty of aha
moments." Finally, an English

British blues fan Alan Harper became

"I've come here to listen to the blues," he told an American customs agent at the airport, and listen he did, to the music in its many styles, and to the men and women who lived it in the city's changing blues scene. Harper's eloquent memoir conjures the smoky
