then this collection is for you. This manual will teach you the secrets to spotting a soulmate where you least expect one. (\*You've been warned\*) THE SECRETS: How to become your love-rival's worst nightmare/dream-come-true and make them fall in love with you: #1. Never say anything nice to them - not about their work, their clothes, or anything. #2. Ignore any gestures that may be seen as affectionate - like a pat on the back or the sexy way he smiles or that nervous hair-tucking habit she has that makes you want to bite her bottom lip. #3. Never look their way when they approach or walk by. #4. Never make eye-contact. Look at your own feet! #5. Never for a second forget that you hate them...because when you least expect it, love will sneak its way in your heart and nothing will ever be the same.
