If the test covers math skills, spend at least an hour each day leading up to the test to answer sample problems. As you take the test, make sure to read each question thoroughly so you fully understand what you need to do before answering. To stay calm, take a few deep breaths when you feel stressed.

Cut through the noise and make better college and career choices This book is about addressing the college-choosing problem. The rankings, metrics, analytics, college visits, and advice that we use today to help us make these decisions are out of step with the progress individual students are trying to make. They don't give students and families the information and context they need to make such a high-stakes decision about whether and where to get an education. Choosing College strips away the noise to help you understand why you ' re going to school. What's driving you? What are you trying to accomplish? Once you know why, the book will help you make better choices. The research in this book illustrates that choosing a school is complicated. By constructing more
