Strange Encounters is a novel made up of three short stories. Each character is faced with an unexplainable situation. "The Lost Souls" of I-95 takes place in a rural town. A young girl and her father are killed on I-95 by a drunk driver that has been covered up by the North Carolina Highway Patrol to protect one of their own during the summer of July 3, 1986. The highway then becomes haunted by the two lost souls, who won't rest until justice is served. But twenty years later, a young highway patrolman comes along and is put to the test to solve the mystery.
