How to get started in Online Trading for Self-Directed Beginners gives you clear concise information it would take you years to find out on your own before you could begin to have any chance at making a real income from the live markets. The live markets are not for the weak minded or untrained and should you decide to go in there unprepared or under prepared as a beginner retail trader only one thing will happen, you'll get FUBAR, don't be that trader!

Offers step-by-step instructions for getting started in the franchise business, giving advice on selecting a franchise and a location, and financing a business

Businesses are gathering data today at exponential rates and yet few people know how to access it meaningfully. If you're a business or IT professional, this short hands-on guide teaches you how to pull and transform data with SQL in significant ways. You will quickly master the fundamentals of SQL and learn how to create your own databases. Author Thomas Nield provides exercises throughout the book to help you practice your newfound SQL skills at home, without having to use a database server environment. Not only will you learn how to use key SQL statements to find and manipulate your data, but you'll also discover how to efficiently design and manage databases to meet your needs. You'll also learn how to: Explore relational databases, including lightweight and centralized models Use SQLite and SQLiteStudio to create lightweight databases in minutes Query and transform data in meaningful ways by using SELECT, WHERE, GROUP BY, and ORDER BY Join tables to get a more complete view of your business data Build your own tables and centralized databases by using normalized design principles Manage data by learning how to INSERT, DELETE, and UPDATE records

Most books say the same basic thing. Select strong hands and play them 'aggressively'. This book does that but gives better insight into what aggressively really means and thoroughly and clearly explains numerous concepts that are necessary to win consistently.

The book on hedge fund basics, completely updated to reflect today's post-crisis industry The hedge fund industry has been reeling in the wake of recent Ponzi schemes and insider trading scandals as well as the loss of billions of dollars in assets under management due to fund closures. Getting Started in Hedge Funds, Third Edition focuses on the current state of the industry; how hedge funds did or did not survive the subprime and subsequent credit crisis; and, what the future holds for investors. Getting Started in Hedge Funds, Third Edition also provides readers with a brief overview of the industry's history, and describes the inner-workings of these complex investment vehicles, including how to start a hedge fund, and what new regulations means for managers and investors. • Profiles 10 highly successful hedge fund managers • Addresses the Madoff scandal, as well as other lesser known Ponzi schemes, and analyzes the ripple effect felt throughout the industry as a result of these and other scandals Despite the performance of some of these funds in the last few years, hedge funds are here to stay. In this Third Edition, Getting Started in Hedge Funds, Strachman provides an updated "how-to" guide for investors interested in hedge funds in this era of "new normal."

Neophyte crafters learn how to wield a crochet hook with skill and grace, enter yarn stores with confidence, and recreate their favorite crochet trends in this invaluable guide. Seemingly complex crocheting jargon and techniques are demystified with step-by-step photographs and instructions. Clear diagrams demonstrate how to hold a crochet hook and yarn, and form basic stitches to create a simple scarf. More advanced skills--such as shaping, working in rounds, motifs, and edging--lead into sophisticated projects, including an evening bag, a pillow, and an edged camisole. Designed for the extreme beginner, the manual also contains an index, a list of additional resources, and helpful charts.

If you are an absolute beginner or simply looking for a solid foundation to your language studies for school, work or travel, this engaging course will help get you on your way to speaking, writing, reading and understanding Cantonese in no time.
