Wilson As the foundation stone of the Jewish and Christian scriptures, The Book of Genesis unfolds some of the most arresting stories of world literature—the Creation; Adam and Eve; Cain and Abel; the sacrifice of Isaac. Yet the meaning of Genesis remains enigmatic. In this fascinating volume, Karen Armstrong, author of the highly acclaimed bestseller A History of God, brilliantly illuminates the mysteries and profundities of this mystifying work. BONUS: This edition contains an excerpt from Karen Armstrong's Twelve Steps to a Compassionate Life. " A lyrical chronicle of one woman's wrestling with Genesis that can serve as a guide to others . . . As notable for its scholarship as it is for its honesty and vulnerability. " The Book of Revelation: A New Beginning " contains the hidden secrets of Saint John ' s Revelation, and as you know, it is one of the most debated and most difficult books of all the scriptures to read and understand because of the extreme symbolism tied to it. Man has always assumed the word of God ' s prophets and their stories were indisputable just because of their eminence in interpreted them as being true. Man has forgotten the history of himself, Earth, God, the origin of the universe, and how the scriptures have been documented, interpreted, and strictly passed down by our ancestors and religious leaders. As symbolic as Revelation is it has nothing to do with the end days or even about a solitary Anti-Christ as we understand it nor is it about Jesus coming to save you. In truth, Saint John ' s Revelation is your own guide showing you that you no longer need to look at yourself as a sinner because you have bared your cross, like Jesus, and now the time has come for you to ascend to a higher state of Mind. The book of Revelation: " A New Beginning " is a book that will help open the gates of your soul memories so you can become aware of your own divineness, and that you are a God too. My fellow Gods, what is coming to an end is the old ways of perceiving and understanding God. It is not that God is a mystery. It is you that is the mystery, and when fear is resolved within, you are then ready to open up to the hidden secrets behind the Book of Revelation that religions have kept as a secret for thousands of years, either on purpose or because of ignorance.

The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
