*It Ain't What You Give, It's the Way That You Give It ...*

This is a guide to charitable giving. It explains how charities work, and gives advice about how best you can work with them to improve the world.

In the rhythm of a familiar folk song, a child cannot resist adding one more dab of paint in surprising places.

"What are some of the discoveries I have made? I found I needed people because I needed the love they could give me. I found that love was something I did. I found that the way I showed people my need and love for them was to tell how it was with me in my deepest heart. I came to feel that was the most loving thing I could do for anyone -- tell them how it was with me and share my imperfections with them. When I did this, most people came back at me with what was deep within them. This was love coming to me. And the more I had coming to me, the more I had to give away. I ain't much, baby -- but I'm all I've got." From his experience comes "I Ain't Much, Baby -- But I'm All I've Got." Lair originally wrote this book for his students, but when it gained widespread popularity he rewrote it for publication. It is a book meant to help people share in the success of finding themselves.

Boss Up! will help you put your business on the map and the ideas you've previously only dreamed about into the marketplace. Learn to overcome your fears and guilt to find a fulfillment that changes you and your family for the better—breaking free of the hard and boring and having fun along the way. In Boss Up! Lindsay helps you gain confidence to understand that having ambition doesn't make you a bad wife or mother. That it's okay to have a desire for something more than endless sippy cups, clean-ups, Band-Aids, and groundings. That no matter your education or experience, you can tap into your passions and create businesses that give you increased flexibility, fulfillment, and financial security. Lindsay doesn't just do this through commiserating but by giving you the tools for change. Using the lessons she learned on her own path to success, Lindsay shares real, solid business principles with ten distinct success philosophies that you will encounter on the journey to entrepreneurship, such as: Thinking long-term Being unapologetically yourself Use the "unsales" tactic Understand your "why" Lindsay is a stay-at-home mom turned multimillion-dollar-producing business owner, but she doesn't just have a passion for entrepreneurship. She has a deep passion for helping women of all walks of life gain the confidence and skills to tap into their ambition and achieve success in their own business endeavors. Are you ready to Boss Up?

Thomas Gilovich offers a wise and readable guide to the fallacy of the obvious in everyday life. When can we trust what we believe—that "teams and players have winning streaks," that "lattery works," or that "the more people who agree, the more likely they are to be right"—and when are such beliefs suspect? Thomas Gilovich offers a guide to the fallacy of the obvious in everyday life. Illustrating his points with examples, and supporting them with the latest research findings, he documents the cognitive, social, and motivational processes that distort our thoughts, beliefs, judgments and decisions. In a rapidly changing world, the biases and stereotypes that help us process an overload of complex information inevitably distort what we would like to believe is reality. Awareness of our propensity to make these systematic errors, Gilovich argues, is the first step to more effective analysis and action.

In 1957, a young girl is torn between life in the neighborhood she grew up in and fitting in at the school she now attends.

The authors use hard data and science to debunk a number of common misconceptions surrounding missing children, cell phones, breast implants, AIDS, cancer, radiation, vitamins, and violent crime rates, among many other topics.

"A remarkable book . . . I found myself thinking that all expectant and new parents should read it." —Michelle Slater *A* New York Times Book Review Editors' Choice In *Raising a Rare Girl*, Lanier explores how to defy the tyranny of normal and embrace parenthood as a spiritual practice that breaks us open in the best of ways. Like many women of her generation, when Heather Lanier was expecting her first child she did everything by the book in the hope that she could create a SuperBaby, a supremely healthy human destined for a high-achieving future. But her daughter Fiona challenged all of Lanier's preconceptions. Born with an ultra-rare syndrome known as Wolf-Hirschhorn, Fiona received a daunting prognosis: she would experience significant developmental delays and might not reach her second birthday. The diagnosis obliterated Lanier's perfectionist tendencies, along with her most closely held beliefs about certainty, vulnerability, God, and love. With tiny bits of mozzarella cheese, a walker rolled to library story time, a talking iPad app, and a whole lot of pop and reggae, mother and daughter spend their days doing whatever it takes to give Fiona nourishment, movement, and language. Loving Fiona opens Lanier up to new understandings of what it means to be human, what it takes to be a mother, and above all, the aching joy and wonder that come from embracing the unique life of her rare girl.

Give Your Life to Live Your Life In this book, Seth Adam Smith expands on the philosophy behind his extraordinarily popular blog post "Marriage Isn't for You"—which received over 30 million hits and has been translated into over twenty languages—and shares how living for others can enrich every aspect of your life, just as it has his. With a mix of humor, candor, and compassion, he reveals how, years before his marriage, his self-obsession led to a downward spiral of addiction and depression, culminating in a suicide attempt at the age of twenty. Reflecting on the love and support he experienced in the aftermath, as well as on the lessons he learned from a difficult missionary stint in Russia, his time as a youth leader in the Arizona desert, his marriage, and even a story his father read to him as a child, he shares his deep conviction that the only way you can find your life is to give it away to others. Your Life Isn't For You was recently named the Gold Medalist for Inspirational Memoir in the 2015 Living Now Book Awards!

From farmer Joel Salatin's point of view, life in the 21st century just ain't normal. In **FOLKS, THIS AINT NORMAL**, he discusses how far removed we are from the simple, sustainable joy that comes from living close to the land and the people we love. Salatin has many thoughts on what normal is and shares practical and philosophical ideas for changing our lives in small ways that have big impact. Salatin, hailed by the New York Times as "Virginia's most multifaceted agrarian since Thomas Jefferson [and] the high priest of the pasture" and profiled in the Academy Award nominated documentary Food, Inc. and the bestselling book The Omnivore's Dilemma, understands what food should be: Wholesome, seasonal, raised naturally, procured locally, prepared lovingly, and eaten with a profound reverence for the circle of life. And his message doesn't stop there. From child-rearing, to creating quality family time, to respecting the environment, Salatin writes with a wicked sense of humor and true storyteller's knack for the revealing anecdote. Salatin's crucial message and distinctive voice—practical, provocative, scientific, and down-home philosophical in equal measure—make **FOLKS, THIS AINT NORMAL** a must-read book.
