Méthode de français RAPIDE pour ADULTES pressés et impatientes. Pour chaque niveau, un manuel unique : livre + CD audio + corrigés.

Finding material for your French immersion can be a nightmare, but not anymore! French students regularly have to go through the toughest experiences to find proper reading material that isn't too tough for them - as teachers; we know this. This is why we've created French Short Stories for Beginners to ensure that young and old students at the Beginner level can have yet another chance to immerse themselves into fun and interactive stories designed for you, the student. Twenty easy-to-read, entertaining and interesting stories await inside, along with the best tools to help you practice once you're done reading each tale. Our book will ensure you not only can read something that will expand your knowledge on French but that you will understand and be able to pick it apart piece by piece in your quest for learning. How French Short Stories for Beginners works: Each story is designed to keep you engaged and interested as well as using vocabulary that you will actually use. The summaries follow a synopsis in French and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! Finally, you'll be provided with a set of tricky questions in French, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! Do you think you can handle it? If the answer is yes, then you're definitely on your way to becoming a French speaker, and we'll certainly make that dream come true! We recommend this book for French learners at A2 level and above as it is designed for students with a basic understanding of French. So look no further! Pick up your copy of French Short Stories for Beginners Vol.2 and start learning French right now!

Challenge and inspire your teenage learners to think beyond language. Think is a fresh, vibrant and upbeat course designed to engage teenage learners and make them think. As well as building students' language skills, it offers a holistic approach to learning: developing their thinking skills, encouraging them to reflect on values and building their self-confidence. Topics are chosen to appeal to and challenge teenagers, firing their imagination and ensuring effective learning. Exam-style exercises and tips help students prepare for Cambridge English Key, Preliminary and First. Informed by the Cambridge English Corpus, the course reflects real language usage and 'Get it right' sections help students avoid common mistakes.

This vivid portrait of life in the music halls of early-20th-century Paris was drawn from the personal experiences of the author of Gigi. Colette's novel, first published in 1911, reflects her adventures as an itinerant cafe dancer as well as her struggles balancing respectability and artistic freedom.

They're back Rediscover the zaniest characters you've ever met in this bestselling series which has sold millions worldwide. Just in time for Fall 1997's hot new animated TV show, Mr. Men and Little Miss TM are being relaunched in the U.S. Bright and charming, with easily recognizable characters and a small take-along format, Mr. Men and Little Miss TM books are easy enough for young readers, witty enough for humor-prone adults, and highly collectible for one and all. Great crossover potential -- again Mr. Small goes on a job hunt and survives being trapped by eggs

This textbook includes all 13 chapters of Français interactif. It accompanies www.laits.utexas.edu/fi, the web-based French program developed and in use at the University of Texas since 2004, and its companion site, Tex's French Grammar (2000) www.laits.utexas.edu/tex/ Français interactif is an open access site, a free and open multimedia resources, which requires neither password nor fees. Français interactif has been funded and created by Liberal Arts Instructional Technology Services at the University of Texas, and is currently supported by COERLL, the Center for Open Educational Resources and Language Learning UT-Austin, and the U.S. Department of Education Fund for the Improvement of Post-Secondary Education (FIPSE Grant P116B070251) as an example of the open access initiative.

What happens when your own government turns against you? The Equality Team continues to round up and subject The Ones—the 1% of the American population who were genetically engineered in vitro—to a vaccine that will level the playing field. Desperate to save her boyfriend James from this fate, Cody flees into the wild to seek assistance from a shadowy rebel group dedicated to equal rights for the Ones at any cost. But when she grows closer to a radical named Kai, she's brought deeper into the fold, only to realize the group's leader has a secret plan more dangerous than Cody could have imagined—something that could change the course of the Ones' future. Themes of justice, discrimination and terrorism mix with actual science to create a frightening version of our near future in Daniel Sweren-Becker's *The Equals*, the action-packed sequel to *The Ones*. An Imprint Book "Chilling and frighteningly real, *The Ones* leads us down a dark rabbit hole of scientific possibilities, fractured morality, and brutal consequences. It forces the question: If perfection becomes a liability, how far are we willing to go in the pursuit of it -- or to stop it?"—Kami Garcia, #1 New York Times bestselling coauthor of *Beautiful Creatures* and author of *The Lovely Reckless* "Like watching your favorite TV show, *The Ones* is a thrill ride with a new shock at every turn. You won't believe what happens next, and yet, you should. Because this reality is all too possible." —Melissa de la Cruz, #1 New York Times bestselling author of *Isle of the Lost* and the forthcoming *Something In Between* "A gripping and cautionary tale. A thrilling read." —Brendan Reichs, New York Times-bestselling coauthor of the *Virals* series. "The basic premise for this captivating tale is much closer to practical concern than many might imagine. It is crucial that we

visualize many possible scenarios like this one so that we can humanely respond to (or better yet anticipate) new technologies and the consequences for new babies. We hopefully will not punish the latter for the shortcomings of the former, and books like this will help us all engage with the key issues, technical and moral." —George Church, Professor of Genetics at Harvard Medical School and author of *Regenesis: How Synthetic Biology Will Reinvent Nature and Ourselves*

Smitten with a cultivated young woman, a sailor determines to better himself. London's semi-autobiographical novel offers a thought-provoking study of ambition, highlighted by memorable characters and a compelling narrative.

The absorbing first instalment in the bestselling French fantasy series *The Mirror Visitor Quartet*—winner of the Grand Prix de l'Imaginaire.
