Judging Free Speech contains nine original essays by political scientists and law

File Type PDF Judging Free Sch First Amendment

professors, each providing a comprehensive, yet concise and accessible overview of the free speech jurisprudence of a United States Supreme Court Justice.

Provides educators with answers to ninety questions on the First Amendment, covering such issues as school prayer, holidays, student groups, censorship, speech, dress codes, and the Internet.

A Washington Post Notable Book of the Year A New York Times Book Review Editors' Choice An award-winning constitutional law scholar at the University of Chicago (who clerked for Judge Merrick B. Garland, Justice Stephen Breyer, and Justice Sandra Day O'Connor) gives us an engaging and alarming book that aims to vindicate the rights of public school students, which have so often been undermined by the

File Type PDF Judging Free Sch First Amendment

Supreme Court in recent decades. Judicial decisions assessing the constitutional rights of students in the nation's public schools have consistently generated bitter controversy. From racial segregation to unauthorized immigration, from antiwar protests to compulsory flag salutes, from economic inequality to teacher-led prayer—these are but a few of the cultural anxieties dividing American society that the Supreme Court has addressed in elementary and secondary schools. *The Schoolhouse Gate* gives a fresh, lucid, and provocative account of the historic legal battles waged over education and illuminates contemporary disputes that continue to fracture the nation. Justin Driver maintains that since the 1970s the Supreme Court has regularly abdicated its responsibility for protecting students' constitutional rights and risked transforming public schools into Constitution-

File Type PDF Judging Free Sch First Amendment

free zones. Students deriving lessons about citizenship from the Court's decisions in recent decades would conclude that the following actions taken by educators pass constitutional muster: inflicting severe corporal punishment on students without any procedural protections, searching students and their possessions without probable cause in bids to uncover violations of school rules, random drug testing of students who are not suspected of wrongdoing, and suppressing student speech for the viewpoint it espouses. Taking their cue from such decisions, lower courts have upheld a wide array of dubious school actions, including degrading strip searches, repressive dress codes, draconian "zero tolerance" disciplinary policies, and severe restrictions on off-campus speech. Driver surveys this legal landscape with eloquence, highlights the gripping

File Type PDF Judging Free Sch First Amendment

personal narratives behind landmark clashes, and warns that the repeated failure to honor students' rights threatens our basic constitutional order. This magisterial book will make it impossible to view American schools—or America itself—in the same way again.

American public schools censor controversial student speech that the Constitution protects. Catherine Ross brings clarity to court rulings that define speech rights of young citizens and proposes ways to protect free expression, arguing that the failure of schools to respect civil liberties betrays their educational mission and threatens democracy.

First Things First is a college coursebook like no other. Written by three First Amendment experts and professors, the

File Type PDF Judging Free Sch First Amendment

book provides students with the fundamentals of modern American free speech law in a clear, concise, and accessible manner. First Things First also introduces readers to First Amendment issues related to topics such as student speech, freedom of the press, civil rights, LGBTQ rights, advertising, music censorship, and artificial intelligence. The text includes scores of audio and video links, photographs, and helpful study-aid summaries and questions. First Things First's vibrant and engaging tone ensures readers will leave this book with a dynamic understanding of their rights and the value of free speech. First Things First sets the standard for teaching free speech law. It combines clearly-written case narratives with frequent excursions to a rich trove of other online material—including video and audio files—that provide additional legal and

File Type PDF Judging Free Sch First Amendment

historical context. □ □Stephen D. Solomon
(founding editor, First Amendment Watch)

□ With admirable clarity and brevity, First Things First covers the field of First Amendment law and theory in a readable and accessible way. □ This innovative book explains not just the fundamentals of First Amendment law, but how we got to where we are, and why. □ □Robert Corn-Revere

(First Amendment lawyer) First Things First is a welcome addition to the course materials for students studying law, journalism, history, political science, government and a host of other disciplines.

□ Lucy A. Dalglish, dean and professor, Philip Merrill College of Journalism, University of Maryland First Things First is an incredibly insightful and inviting introduction to U.S. speech and press law. Its approach makes its content completely accessible to beginner and expert alike. But even better, its scores of online links

File Type PDF Judging Free Sch First Amendment

to additional layers of material—including streaming audio and video—make this narrative and case-oriented resource like no other. In addition to teaching the law, the various elements help to reveal what it means to live in a free speech society. First Things First is made for the 21st century student—and professor. Joseph Russomanno, Associate Professor, Arizona State University

Shows that while the Supreme Court enforces some First Amendment rights vigorously, it often fails to protect ordinary citizens' expressive freedoms.

A lively and controversial overview by the nation's most celebrated First Amendment lawyer of the unique protections for freedom of speech in America The right of Americans to voice their beliefs without government approval or oversight is

File Type PDF Judging Free Sch First Amendment

protected under what may well be the most honored and least understood addendum to the US Constitution--the First

Amendment. Floyd Abrams, a noted lawyer and award-winning legal scholar specializing in First Amendment issues, examines the degree to which American law protects free speech more often, more intensely, and more controversially than is the case anywhere else in the world, including democratic nations such as Canada and England. In this lively, powerful, and provocative work, the author addresses legal issues from the adoption of the Bill of Rights through recent cases such as Citizens United. He also examines the repeated conflicts between claims of free speech and those of national security occasioned by the publication of classified material such as was contained in the Pentagon Papers and was made public by WikiLeaks and

File Type PDF Judging Free Sch First Amendment Edward Snowden. Jurisprudence Of Us Supreme Court Justices

□ A detailed history of the transformation of First Amendment law □ from one of the nation's foremost civil liberties lawyers (The New York Times). Are you sitting down? It turns out that everything you learned about the First Amendment is wrong. For too long, we've been treating small, isolated snippets of the text as infallible gospel without looking at the masterpiece of the whole. Legal luminary Burt Neuborne argues that the structure of the First Amendment as well as of the entire Bill of Rights was more intentional than most people realize, beginning with the internal freedom of conscience and working outward to freedom of expression and finally freedom of public association. This design, Neuborne argues, was not to protect discrete individual rights □ such as the rights of corporations to spend

File Type PDF Judging Free Sch First Amendment

unlimited amounts of money to influence elections—but to guarantee that the process of democracy continues without disenfranchisement, oppression, or injustice. Neuborne, who was the legal director of the ACLU and has argued numerous cases before the Supreme Court, invites us to hear the “music” within the form and content of Madison’s carefully formulated text. When we hear Madison’s music, a democratic ideal flowers in front of us, and we can see that the First Amendment gives us the tools to fight for campaign finance reform, the right to vote, equal rights in the military, the right to be full citizens, and the right to prevent corporations from riding roughshod over the weakest among us. Neuborne gives us an eloquent lesson in democracy that informs and inspires. “In the dark art of lawyering, Neuborne has always been considered a white knight.” —New York

File Type PDF Judging Free Sch First Amendment Jurisprudence Of Us

This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S.

Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments

File Type PDF Judging Free Sch First Amendment

with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

Observations of White Noise An Acid Test for the First Amendment examines the current state of the First Amendment, its scope and design, and its place in popular culture. Lawyer Marc M. Harrold candidly examines both mainstream and cutting-edge topics, including an overview of the First Amendment and its unique character in comparison with the other Amendments that comprise the Bill of Rights. In engaging fashion, he reveals the illogical reasoning behind the Supreme Court's sex-only obscenity doctrine and the over-expansive insertion of the First Amendment into tort suits between private parties where the government is not directly involved. Advance Praise for

File Type PDF Judging Free Sch First Amendment

Observations of White Noise-

"Observations of White Noise is a clear and provocative interpretation of the present state of First Amendment law as it impacts our ever-evolving culture. Marc Harrold powerfully trumpets the importance of free speech and representative government in a democratic society. Professor Harrold offers deep insights by integrating critical analysis and perspective on how judicial interpretations of our beloved First Amendment shape our nation and its culture." -Hon. Kenneth W. Starr, Dean and Professor of Law, Pepperdine School of Law. Former Judge of the U.S. Court of Appeals, Solicitor General of the United States, Independent Counsel on the Whitewater matter, and author of **FIRST AMONG EQUALS: THE SUPREME COURT IN AMERICAN LIFE**. "A timely and thoughtful exploration of the newest

File Type PDF Judging Free Sch First Amendment

generation of challenges to our ongoing American debate over the meaning of the First Amendment, gracefully intertwining 'breaking news' with discussion of classic First Amendment conundrums." Rodney A. Smolla, Dean and Professor of Law, University of Richmond School of Law and author: DELIBERATE INTENT, JERRY FALWELL V. LARRY FLYNT: THE FIRST AMENDMENT ON TRIAL, and FREE SPEECH IN AN OPEN SOCIETY..
