How many place names are there in the Hawaiian Islands? Even a rough estimate is impossible. Hawaiians named taro patches, rocks, trees, canoe landings, resting places in the forests, and the tiniest spots where miraculous events are believed to have taken place. And place names are far from static--names are constantly being given to new houses and buildings, streets and towns, and old names are replaced by new ones. It is essential, then, to record the names and the lore associated with them now, while Hawaiians are here to lend us their knowledge. And, whatever the fate of the Hawaiian language, the place names will endure. The first edition of Place Names of Hawaii contained only 1,125 entries. The coverage is expanded in the present edition to include about 4,000 entries, including names in English. Also, approximately 800 more names are included in this volume than appear in the second edition of the Atlas of Hawaii.

The weaving of lau hala represents a living tradition borne on the great arc of Pacific voyaging history. This thriving tradition is made immediate by masters of the art who transmit their knowledge to those who are similarly devoted to, and delighted by, the smoothness, softness, and that particular warm fragrance of a woven lau hala treasure. The third volume in the Hawai'i'niuiākea series, 'Ike Ulana Lau Hala is an intriguing collection of articles and images about the Hawaiian tradition of ulana lau hala: the weaving, by hand, of dried Pandanus tectorius leaves. 'Ike Ulana Lau Hala considers the humble hala leaf through several, very different lenses: an analysis of lau hala items that occur in historic photographs from the Bishop Museum collections; the ecological history on hala in Hawai'i and the Pacific including serious challenges to its survival and strategies to prevent its extinction; perspectives-in Hawaiian-of a native speaker from Ni'ihau on master weavers and the relationship between teacher and learner; a review-also in Hawaiian- of references to lau hala in poetical sayings and idioms; a survey of lau hala in Hawaiian cultural heritage and the documentation project underway to share the art with a broader audience; and a conversation with a master artisan known for his distinct and intricate construction of the lei hala. Rich with imagery, this extraordinary volume will guide the reader to a better understanding of the cultural scope and importance of lau hala, fostering an appreciation of the level of excellence to which the art of ulana lau hala has risen under the guidance of masters who continue to steer the Hawaiian form of the tradition into the future.

A native of Hawaii covers each island, giving recommendations on dining, hotels, shopping, nightlife, and entertainment--all arranged according to the traveler's budget. 11 maps.

Learn Hawaiian at Home is a user-friendly introduction to one of the most beautiful languages in the world. This durable, economical package includes a book and two audio cassettes, emphasizing the unique approach this program takes by including songs, written passages, and several dialogs for each chapter. Vocabulary, useful phrases, homework, dialogs, self-tests, answer key, and glossaries provide structured, self-paced lessons that are reinforced by guided practice in pronunciation.

The House Without a Key Earl Derr Biggers The novel, which takes place in 1920s Hawaii, spends time acquainting the reader with the look and feel of the islands of that era from the standpoint of both white and non-white inhabitants, and describes social class structures and customs which have largely vanished in the 21st century. The novel deals with the murder of a former member of Boston society who has lived in Hawaii for a number of years. The main character is the victim's nephew, a straitlaced young Bostonian bond trader, who came to the islands to try to convince his aunt Minerva, whose vacation has extended many months, to return to Boston. The nephew, John Quincy Winterslip, soon falls under the spell of the islands himself, meets an attractive young woman, breaks his engagement to his straitlaced Bostonian fiancée Agatha, and decides after the murder is solved to move to San Francisco. In the interval, he is introduced to many levels of Hawaiian society and is of some assistance to Detective Charlie Chan in solving the mystery. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
