symbolize everything from the Old West to the hippie counter-culture; everyone from car mechanics to high-fashion models wears jeans. And no name is more associated with blue jeans than Levi Strauss & Co., the creator of this classic American garment. As a young man Levi Strauss left his home in Germany and immigrated to America. He made his way to San Francisco and by 1853 had started his company. Soon he was a leading businessman in a growing commercial city that was beginning to influence the rest of the nation. Family-centered and deeply rooted in his Jewish faith, Strauss was the hub of a wheel whose spokes reached into nearly every aspect of American culture: business, philanthropy, politics, immigration, transportation, education, and fashion. But despite creating an American icon, Levi Strauss is a mystery. Little is known about the man, and the widely circulated "facts" about his life are steeped in mythology. In this first full-length biography, Lynn Downey sets the record straight about this brilliant businessman. Strauss's life was the classic American success story, filled with lessons about craft and integrity, leadership and innovation.

"In graphic novel format, tells the story of Levi Strauss and the evolution of blue jeans."--From source other than the Library of Congress

In 1847 an eighteen-year-old immigrant arrived in New York. He had little in his pockets and no knowledge of English. However, by 1874, people throughout the United States knew him as the man who made blue jeans with copper rivets. Even now Levi Strauss's name lives on as a mark of quality and style. In *Mr. Blue Jeans*, Maryann N. Weidt presents the history of this hardworking man, as he struggles through long, grueling days as a peddler and challenging times as a young businessman. His honesty, integrity, and generosity stand out as clearly as his name, making this rags-to-riches story well worth reading. The accurate and highly readable text is enriched by Lydia M. Anderson's dramatic black-and-white illustrations.

Retells, in tall-tale fashion, how Levi Strauss went to California during the Gold Rush, saw the need for a sturdier kind of trouser, and invented jeans.

Traces the life of the immigrant Jewish peddler who went on to found Levi Strauss & Co., the world's first and largest manufacturer of denim jeans.

Describes the life and career of of Levi Strauss, a Bavarian Jew who immigrated to the United States in 1847 and became a very successful businessman and philanthropist after inventing blue jeans.

How did an immigrant who sold sewing supplies in New York City reinvent himself in the American West by creating the most iconic pair of pants in the world? Find out in this addition to the Who HQ library! As a young working-class German immigrant, Levi Strauss left his family's dry goods business in New York City to journey out west for the California Gold Rush. Only Levi wasn't looking for gold -- he wanted to provide the miners with sturdy clothes to wear while they worked in the dusty river beds. His solution? Blue jeans -- pants made of strong denim fabric -- which have become one of the most beloved and fashionable clothing items in the world. Who Was Levi Strauss? follows the remarkable journey of this American businessman, and takes a look at how one man and a pair of pants changed fashion and the world forever.
