### Lost at Sea: The Jon Ronson Mysteries: Amazon.co.uk ...

A collection of writings by Jon Ronson,an author I really enjoy. He seems to find special people and special circumstances and tells the story in around 15 pages which makes the book easy to drop in and out of. In this book he looks at the TV show Deal or No Deal, it's contestants and Noel Edmonds. Robbie Williams and his interest in alien beings.

### Lost at Sea: The Jon Ronson Mysteries eBook: Ronson, Jon ...

Jon Ronson has always had the ability to tell absurd stories you have never heard of before in an educational manner, but unlike works like Them, Lost at Sea is much less analytical and more all of the place. This work is still highly readable, but due to the presentation of the stories and cases, rather than Ronson's own analysis.

### Lost at Sea: The Jon Ronson Mysteries (Audio Download ...

Lost at Sea: The Jon Ronson Mysteries is a 2012 book by Jon Ronson which highlights and further elaborates many of Ronson's magazine articles. Contents. The book is subdivided into six parts, each comprising four chapters, as follows: Part One: 'What does electricity taste like?' 'Like a planet around a star.'

Lost at Sea You have chartered a yacht with three friends, for the holiday trip of a lifetime across the Atlantic Ocean. Because none of you have any previous sailing experience, you have hired an experienced skipper and two-person crew.

New York Times–bestselling author of The Psychopath Test
Jon Ronson writes about the dark, uncanny sides of humanity with clarity and humor. Lost at Sea—now with new material—reveals how deep our collective craziness lies, even in the most mundane circumstances. Ronson investigates the strange things we’re willing to believe in, from robots programmed with our loved ones’ personalities to indigo children to the Insane Clown Posse’s juggalo fans. He looks at ordinary lives that take on extraordinary perspectives. Among them: a pop singer whose greatest passion is the coming alien invasion, assisted-suicide practitioners, and an Alaskan town’s Christmas-induced high school mass-murder plot. He explores all these tales with a sense of higher purpose and universality, yet they are stories not about the fringe of society. They are about all of us. Incisive and hilarious, poignant and maddening, revealing and disturbing—Ronson writes about our modern world, and reveals how deep our collective craziness lies, and the chaos stirring at the edge of our daily lives.

Frequently hilarious, sometimes disturbing, always entertaining, these fascinating stories of the chaos that lies on the fringe of our daily lives will have you wondering just what we're capable of. This updated edition of Lost at Sea includes the complete text of Frank: The True Story that Inspired the Movie. Jon Ronson has been on patrol with America's real-life superheroes and to a UFO convention in the Nevada desert with Robbie Williams. He's met a man who tried to split the atom in his kitchen and asked a conscious robot if she's got a soul. Fascinated by madness, strange behaviour and the human mind, Jon has spent his life exploring mysterious events and meeting extraordinary people. Collected from various sources (including the Guardian and GQ) Lost at Sea features the very best of his adventures. Portions of this book have appeared previously, in slightly different form, in Out of the Ordinary, What I Do, the Guardian and GQ.

A collection of mini-adventure stories from the Sunday Times bestselling author of The Psychopath Test
Jon Ronson has been on patrol with America's real-life superheroes and to a UFO convention in the Nevada desert with Robbie Williams. He's met a man who tried to split the atom in his kitchen and asked a conscious robot if she's got a soul. Fascinated by madness, strange behaviour and the human mind, Jon has spent his life exploring mysterious events and meeting extraordinary people. Collected here from various sources (including the Guardian and GQ) are the best of his adventures. Frequently hilarious, sometimes disturbing, always entertaining, these fascinating stories of the chaos that lies on the fringe of our daily lives will have you wondering just what we're capable of. PRAISE FOR LOST AT SEA "Funny and thought-provoking" Financial Times "Compelling and eye-opening . . . hugely compulsive reading" Psychologies "Comic and entertaining, but with a serious effect as we catch glimpses of the odd things ticking away inside some real characters" Scotsman

A wide variety of extremist groups -- Islamic fundamentalists, neo-Nazis -- share the oddly similar belief that a tiny shadowy elite rule the world from a secret room. In Them, journalist Jon Ronson has joined the extremists to track down the fabled secret room. As a journalist and a Jew, Ronson was often considered one of "Them" but he had no idea if their meetings actually took place. Was he just not invited? Them takes us across three continents and into the secret room. Along the way he meets Omar Bakri Mohammed, considered one of the most dangerous men in Great Britain, PR-savvy Ku Klux Klan Grand Wizard Thom Robb, and the survivors of Ruby Ridge. He is chased by men in dark glasses and unmasked as a Jew in the middle of a Jihad training camp. In the forests of northern California he even witnesses CEOs and leading politicians -- like Dick Cheney and George Bush -- undertake a bizarre owl ritual. Ronson's investigations, by turns creepy and comical, reveal some alarming things about the looking-glass world of "us" and "them." Them is a deep and fascinating look at the lives and minds of extremists. Are the extremists onto something? Or is Jon Ronson becoming one of them?

Declared “the best survival book in a decade” by Outside Magazine, 438 Days is the true story of the man who survived fourteen months in a small boat drifting seven thousand miles across the Pacific Ocean. On November 17, 2012, two men left the coast of Mexico for a weekend fishing trip in the open Pacific. That night, a violent storm ambushed them as they were fishing eighty miles offshore. As gale force winds and ten-foot waves pummeled their small, open boat from all sides and nearly capsized them, captain Salvador Alvarenga and his crewmate cut away a two-mile-long fishing line and began a desperate dash through crashing waves as they sought the safety of port. Fourteen months later, on January 30, 2014, Alvarenga, now a hairy, wild-bearded and half-mad castaway, washed ashore on a nearly deserted island on the far side of the Pacific. He could barely speak and was unable to walk. He claimed to have drifted from Mexico, a journey of some seven thousand miles. A “gripping saga,” (Daily Mail), 438 Days is the first-ever account of one of the most amazing survival stories in modern times. Based on dozens of hours of exclusive interviews with Alvarenga, his colleagues, search-and-rescue officials, the remote islanders who found him, and the medical team that saved his life, 438 Days is not only “an intense, immensely absorbing read” (Booklist) but an unforgettable study of the resilience, will, ingenuity and determination required for one man to survive more than a year lost and adrift at sea.

Soon to be a major motion picture! Now in Paperback: The harrowing adventure-at-sea memoir (“Terrific.”-Daniel James Brown) recounting the 2013 search-and-rescue mission for lost Montauk fisherman John Aldridge. 5:14 a.m. I am floating in the middle of the night, and nobody in the world even knows I am missing. Nobody is looking for me. You can't get more alone than that. You can't be more lost. I've got too many people who love me. There's no way I'm dying like this. In the dead of night on July 24, 2013, John Aldridge was thrown off the back of the Anna Mary while his fishing partner, Anthony Sosinski, slept below. As desperate hours ticked by, Sosinski, the families, the local fishing community, and the U.S. Coast Guard in three states mobilized in an unprecedented search effort that culminated in a rare and exhilarating success. A tale of survival, perseverance, and community, A Speck in the Sea tells of one man's struggle to survive as friends and strangers work to bring him home. Aldridge's wrenching first-person account intertwines with the narrative of the massive, constantly evolving rescue operation designed to save him.

Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren’t joking. What’s more, they’re back—and they’re fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious “Goat Lab,” to Uri Geller’s covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

From the bestselling author of The Psychopath Test comes a characteristically humorous story of a musician on the margins. In Frank: The True Story that Inspired the Movie, Jon Ronson reflects on his days playing keyboard for the Frank Sidebottom Oh Blimey Big Band. Frank Sidebottom, best known for performing with a big fake head with a cartoon face painted on it, was a cult favorite in the United Kingdom and is the subject of the new movie Frank, co-written by Ronson and starring Michael Fassbender, Maggie Gyllenhaal, and Domhnall Gleeson.

Nicolas Graves raised his sons to be lobstermen. Bill and Joshua (known as Jonah) Graves grew up aboard their father's boat--the Cinderella--learning the rules and rites of the antiquated business they love. But when their father is lost at sea and the price of lobster crashes worldwide, Bill and Jonah must decide how much they are willing to risk for their family legacy. Standing against them is Osmond Raymond--former Calvinist minister, mystic, captain of the Sanctity, and their father's business partner for more than twenty years. Together with his grandson and heir, Julius, Osmond is determined to push the Graves family out of their lobster pound, regardless of the cost or the consequences. Praise for Of Sea and Cloud "A gorgeously written exploration of faith and loyalty, love and dishonesty... I will never forget these characters, these waters, or the harrowing dramas unfolded upon and beneath them." --Anthony Doerr, author of All The Light We Cannot See "Exquisitely well-written, relentlessly compelling, this story of fathers and sons and lovers, of love and greed and betrayal, elevates the desperate lives of lobstermen into Shakespearean tragedy. This novel set its hooks quickly, and held me rapt until the brutal, beautiful, end. Of Sea and Cloud is timeless drama of the highest order, both thrilling and wise, and Jon Keller is an extraordinary new voice in fiction." --Alan Heathcock, award-winning author of Volt "...dark, poetic, and at turns terrifying. Set against the harsh Maine coast, it tells the story of a people inextricably connected to their land, and of what happens when that land is threatened. Ultimately, this is a novel about love in all its forms and failures." --Abi Maxwell, author of Lake People "A bleak and beautiful story of a family of fog-shrouded lobstermen caught in the heavy vice of change, told in a voice that is part Dennis Lehane, part Melville, part Homer, and all Jon Keller. The book's dark mystic, Osmond Randolph, will haunt me for weeks to come." --Christian Kiefer, author of The Infinite Tides "Of Sea and Cloud is a remarkable read, a first novel that captures a blood and breath drama that is both gripping and evocative." --Debra Magpie Earling, author of Perma Red "With measured and powerful prose, Jon Keller writes a timeless story of manhood, loss, and the bonds of family." --Chris Offutt, author of No Heroes: A Memoir of Coming Home "...a bone-chilling story of brotherhood, trust, and betrayal. It belongs in the canon of great American maritime novels alongside Hemingway and Melville." --Tyler McMahon, author of How the Mistakes Were Made and Kilometer 99

Out of the Ordinary is Jon Ronson at his inimitable best: hilarious, thought-provoking and with an unerring eye for human frailty – not least his own. Jon Ronson's subjects have included people who believe that goats can be killed by the power of a really hard stare, and people who believe that the world is ruled by twelve-foot lizard-men. In Out of the Ordinary, a collection of his journalism from the Guardian, he turns his attention to irrational beliefs much closer to home, investigating the ways in which we sometimes manage to convince ourselves that all manner of lunacy makes perfect sense – mainstream, domestic, ordinary insanity. Whether he finds himself promising his son that he will be at his side for ever, dressed in a Santa costume, or trying to understand why hundreds of apparently normal people would suddenly start speaking in tongues in a Scout hut in Kidderminster, he demonstrates repeatedly how we all succumb to deeply irrational beliefs that grow to inform our everyday existence.
