Based on a true story, Once Upon a Time in France follows the life of Joseph Joanovici, a Romanian Jew who immigrated to France in the 1920s and became one of the richest men in Europe as a scrap-metal magnate. For some, he was a villain. For others, a hero. As Germany occupies France, Mr. Joseph thinks his

influence can keep his family safe, but he soon finds that the only way to stay one step ahead of the Nazis is to keep his friends close and his enemies closer. Though he plays both sides of the fence as a Nazi collaborator and French resistant, a tangled web of interests forms around him that proves it will take a lot more than money to pay for the survival of his family. An international bestseller with over 1 million copies sold, the French series *Once Upon a Time in France*, collected here in one omnibus edition, has won the BDGest ' Arts Best Scenario Award, BDGest ' Arts Album of the Year, and Angoulême International Comics Festival Best Series Award, among many others.

Illyricum, in the western Balkan peninsula, was a strategically important area of the Roman Empire where the process of Roman imperialism began early and lasted for several centuries. Dzino here examines Roman political conduct in Illyricum; the development of Illyricum in Roman political discourse; and the beginning of the process that would integrate Illyricum into the Roman Empire and wider networks of the Mediterranean world. In addition, he also explores the different narrative histories, from the romanocentric narrative of power and Roman military conquest, which dominate the available sources, to other, earlier scholarly interpretations of events.

Young Onys emerges from sleep,

short of breath, alerted by something heavy and dangerous lingering around her. An imperceptible but undeniable entity, defying the laws of physics, manifesting itself like a cloud of smoke, almost palpable. A presence whose mysterious nature would soon shake her perceptions of reality. The sudden arrival of Yulunga, the astonishing shaman, will open the doors to a universe wholly unexpected by the young Onys. What if, since the beginning of time, there was something else? Maybe, it was the world of Ancient Astronauts.

In this exciting new book, Gelley considers the collaboration between Rossellini and Ingrid Bergman in light of the neorealist aesthetic. This study re-examines the director's postwar works in relation to the contemporary

discussion on Italian national identity: rather than marking a radical break with the director's early neorealist successes, Rossellini's films with Bergman in fact extend the boundaries of neorealism and challenge the standard reading of its basic tenets, especially the relationship between character and setting. Gelley reassesses the relationship between European postwar and American cinema, looking at how the image of the Hollywood star was translated and transformed when it was imported into Rossellini's Italy. Rossellini's insertion of the Hollywood star into the native landscape had a significant influence on the director's approach to the neorealist aesthetic. His filming of the encounter between Bergman and the Italian landscape involves not

only a re-interpretation and transformation of the Hollywood star persona, but also a challenge to the idealized notion of an authentic Italian national collective free of foreign influence. The disruption of Bergman's character into the Italian landscape became one means whereby the director was able to explore the ambivalence inherent in any attempt to construct a national identity.

Woken up from a catastrophic dream, a man finds a diary behind his front door and starts to read it. He follows a story of a man who embarked on a cruise to Africa. The ship was sunk by a tsunami but he survived and found himself on a mysterious desert island. The plot is composed of strange stories whose peculiar character is highlighted by the author's stylised language. A journey into the unknown provides an opportunity to show the true face of modern man whose life remains unchanged even after a disaster. There is an inherent fallibility to Sieczyk's characters, as well as inability and unwillingness to change. Stranded on a desert island, they
