The Pulitzer Prize-winning, New York Times bestselling novel of North Korea: an epic journey into the heart of the world's most mysterious dictatorship. "Imagine Charles Dickens paying a visit to Pyongyang, and you see the canvas on which [Adam] Johnson is painting here."--The Washington Post Pak Jun Do is the haunted son of a lost mother—a singer "stolen" to Pyongyang—and an influential father who runs a work camp for orphans. Superiors in the North Korean state soon recognize the boy's loyalty and keen instincts. Considering himself "a humble citizen of the greatest nation in the world," Jun Do rises in the ranks. He becomes a professional kidnapper who must navigate the shifting rules, arbitrary violence, and baffling demands of his overlords in order to stay alive. Driven to the absolute limit of what any human being could endure, he boldly takes on the treacherous role of rival to Kim Jong Il in an attempt to save the woman he loves, Sun Moon, a legendary actress "so pure, she didn't know what starving people looked like." Part breathless thriller, part story of innocence lost, part story of romantic love, The Orphan Master's Son is also a riveting portrait of a world heretofore hidden from view: a North Korea rife with hunger, corruption, and casual cruelty but also camaraderie, stolen moments of beauty, and love. FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD • WINNER OF THE DAYTON LITERARY PEACE PRIZE Named ONE OF THE BEST BOOKS OF THE YEAR by more than a dozen publications, including The Washington Post • Entertainment Weekly • The Wall Street Journal • Los Angeles Times • San Francisco Chronicle Praise for The Orphan Master's Son "An exquisitely crafted novel that carries the reader on an adventuresome journey into the depths of totalitarian North Korea and into the most intimate spaces of the human heart."—Pulitzer Prize citation "Mr. Johnson has written a daring and remarkable novel, a novel that not only opens a frightening window on the mysterious kingdom of North Korea, but one that also excavates the very meaning of love and sacrifice."—Michiko Kakutani, The New York Times "Rich with a sense of discovery . . . The Orphan Master's Son has an early lead on novel of [the year]."—The Daily Beast "This is a novel worth getting excited about."—The Washington Post "[A] ripping piece of fiction that is also an astute commentary on the nature of freedom, sacrifice, and glory."—Elle

Roger Dean Kiser, Sr., was raised by the Children's Home Society, a Florida orphanage, and then was passed on to the Florida School for Boys at Marianna. The dramatic true account of the abuse he suffered under the care of professionals will change how people view the juvenile justice system. His childhood was filled with a mixture of physical, mental, and sexual abuse that would have left a lesser man wishing for death, yet Kiser is grateful for simply being alive. This poignant moving story is true, sharp, and motivational and it will deeply affect the hearts and minds of all who read it. Chronicling his life through the eyes of the child he once was, Roger Dean Kiser takes readers on an unforgettable journey as he recounts his childhood with a wide-eyed innocence that illustrates the resiliency of the human spirit.

Born in Taiwan, raised in the scholarly traditions of ancient China but forced into the Japanese educational system, Hu Taiming, the protagonist of Orphan of Asia, ultimately finds himself estranged from all three cultures. Taiming eventually makes his mark in the colonial Japanese educational system and graduates from a prestigious college. However, he finds that his Japanese education and his adoption of modern ways have alienated him from his family and native village. He becomes a teacher in the Japanese colonial system but soon quits his post and finds that, having repudiated his roots, he doesn't seem to belong anywhere. Thus begins the long journey for Taiming to find his rightful place, during which he is accused of spying for both China and Japan and witnesses the effects of Japanese imperial expansion, the horrors of war, and the sense of anger and powerlessness felt by those living under colonial rule. Zhuoliu Wu's autobiographical novel is widely regarded as a classic of modern Asian literature and a groundbreaking expression of the postwar Taiwanese national consciousness.

In mid-nineteenth-century New York, vagrant youth, both orphans and runaways, filled the streets. For years the city had been sweeping these children into prisons or almshouses, but in 1853 the young minister Charles Loring Brace proposed a radical solution to the problem by creating the Children's Aid Society, an organization that fought to provide homeless children with shelter, education, and, for many, a new family in the country. Combining a biography of Brace with firsthand accounts of orphans, Stephen O'Connor here tells of the orphan trains that, between 1854 and 1929, spirited away some 250,000 destitute children to rural homes in every one of the forty-eight contiguous states. A powerful blend of history, biography, and adventure, Orphans Trains remains the definitive work on this little-known episode in American history.

When their mother can no longer support them, six siblings are sent by the Children's Aid Society of New York City to live with farm families in Missouri in 1860.

During a school trip to Ellis Island, Dominick Avaro, a ten-year-old foster child, travels back in time to 1908 Italy and accompanies two young emigrants to America.

The last words of a dying woman would change the life of young Thomas. Raised behind monastery walls, he knows nothing of his mysterious past or imminent destiny. But now, in the heart of medieval England, a darkness threatens to strangle truth.

She allows herself to kiss her perfect child just once. She wraps the baby in her last gift: a hand-knitted cardigan, embroidered with a water lily pattern. 'You're better off without me,' she whispers and although every step breaks her heart, she walks away. 1910, India. Young and curious Alice, with her spun-gold hair, grows up in her family's sprawling compound with parents as remote as England, the cold country she has never seen. It is Raju, son of a servant, with whom she shares her secrets. Together, their love grows like roses - but leaves deep thorns. Because when they get too close, Alice's father drags them apart, sending Raju far away and banishing Alice to England... 1944. Intelligent and kind Janaki is raised in an orphanage in India. The nuns love to tell the story: Janaki's arrival stopped the independence riots outside the gates, as the men on both sides gazed at the starry-eyed little girl left in a beautiful hand-knitted cardigan. Janaki longs for her real mother, the woman who was forced to abandon her, wrapped in a precious gift... Now old enough to be a grandmother and living alone in India, Alice watches children play under the tamarind trees, haunted by the terrible mistake she made fifty years ago. It's just an ordinary afternoon, until a young girl with familiar eyes appears with a photograph and Alice must make a choice. Will she spend the rest of her life consumed by dreams of the past, or can she admit her mistakes and choose love and light at last? A stunning and heartbreaking novel about how a forbidden love can echo through the generations. Readers who love Lucinda Riley, Kathryn Hughes and The Storyteller's Secret will be captivated.
