Directed by Guy Fariand. With Ally Sheedy, Heather Matarazzo, Sara Botsford, Scott Vekaryous. A seasoned police detective returns to her local hometown to investigate the shocking case of the rape of a mentally disabled girl. The town wants to hush up the incident, and is hostile to the investigation.

Our Guys: Outrage at Glen Ridge (TV Movie 1999) - IMDb

Our Guys Book. Bernard Lefkowitz wrote a book about the Glen Ridge Rape called Our Guys: The Glen Ridge Rape and the Secret Life of the Perfect Suburb. The book attributes many of the problems with the football players to their society's (as well as the town's and the parents') heavy emphasis on winning and success rather than on personal character. The book was later adapted into a TV movie ...

Our Guys: Outrage at Glen Ridge (1997) - IMDb

A shocking true-crime story of America's jock culture and the hidden world of unrestrained adolescent sexuality in one seemingly idyllic suburban town. In March 1989 a group of teenage boys lured a retarded girl into a basement in Glen Ridge, New Jersey, and gang-raped her. Glen Ridge was the kind of peaceful, affluent suburb many Americans dream about. The rapists were its most popular high school athletes. And although rumors of the crime quickly spread through the town, weeks passed before anyone saw fit to report it to the police. What made these boys capable of brutalizing a girl that some of them had known since childhood? Why did so many of their elders deny the rape and rally around its perpetrators? To solve this riddle, the Edgar award-winning author Bernard Lefkowitz conducted years of research and more than two hundred interviews. A New York Times Notable Book of the Year A Los Angeles Times Prize Finalist An Edgar Award Finalist

It was a crime that captured national attention. In the idyllic suburb of Glen Ridge, New Jersey, four of the town's most popular high school athletes were accused of raping a retarded young woman while nine of their teammates watched. Everyone was riveted by the question: What went wrong in this seemingly flawless American town? In search of the answer, Bernard Lefkowitz takes the reader behind Glen Ridge's manicured facade into the shadowy basement that was the scene of the rape, into the mansions on "Millionaire's Row," into the All-American high school, and finally into the courtroom where justice itself was on trial. Lefkowitz's sweeping narrative, informed by more than 200 interviews and six years of research, recreates a murky adolescent world that parents didn't—or wouldn't—see: a high school dominated by a band of predatory athletes; a teenage culture where girls were frequently abused and humiliated at sybaritic and destructive parties; and a town that continued to embrace its celebrity athletes—despite the havoc they created—as “our guys.” But that was not only true of Glen Ridge; Lefkowitz found that the unqualified adulation the athletes received in their town was echoed in communities throughout the nation. Glen Ridge was not an aberration. The clash of cultures and values that divided Glen Ridge, Lefkowitz writes, still divides the country. Parents, teachers, and anyone concerned with how children are raised, how their characters are formed, how boys and girls learn to treat each other, will want to read this important book.

Details the investigation and trial of a group of popular high school boys from the affluent suburb of Glen Ridge, New Jersey, accused of gang raping a retarded teenaged girl

After his daughter was born prematurely in 2010, Burriesci set out to write a book for her 18th birthday. In short, honest, and simple letters, Burriesci teaches his daughter about 32 great books, from Plato to Karl Marx, and how their lessons have applied to his life. As someone who has spent a long and successful career advocating for great literature, Burriesci defends the titles in this series of tender and candid letters, rich in personal experience and full of humor. Dead White Guys is also a timely defense of the great books, arriving in the middle of a national debate about the fate of these books in high schools and universities around the country. Burriesci shows how the great books can enrich our lives as individuals, as citizens, and in our careers.

How to live confidently for Jesus in today's world. The church used to be recognized as a force for good, but this is changing rapidly. Christians are now often seen as the bad guys, losing both respect and influence. In our post-Christian culture, how do we offer the gospel to those around us who view it as not only wrong but possibly dangerous? And how do we ensure that the secular worldview does not entice us away with its constant barrage, online and elsewhere, of messages about self-determinism? Author Stephen McAlpine offers an analysis of how our culture ended up this way and explains key points of tension between biblical Christianity and secular culture. He encourages Christians not to be ashamed of the gospel as it is more liberating, fulfilling and joyful than anything the world has to offer. He also offers strategies for coping in this world, with its opposing values, and for reaching out to others wisely with the truth.

What's missing from gender equality efforts? Men. Women are at a disadvantage in the workplace, where they deal with unequal pay, sexual harassment, lack of credit for their contributions, and more. And while organizations are looking to address these issues, too many gender-inclusion initiatives focus exclusively on how women should respond, leaving men out of the equation. Such efforts reinforce the perception that these are "women's issues" and that men—often the most powerful stakeholders in an organization—don't need to be involved. As gender-in-the-workplace experts David G. Smith and W. Brad Johnson show in this important book, men have a crucial opportunity to promote gender equality at work. Research shows that when men are deliberately engaged in gender-inclusion programs, 96 percent of women in those organizations perceive real progress in gender equality, compared with only 30 percent of women in organizations without strong male engagement. Good Guys is the first book to provide a practical, research-based guide for how to be a male ally to women in the workplace. Filled with firsthand accounts from both men and women, as well as tips for getting started, the book shows how men can partner with their female colleagues to advance women's leadership and equality by breaking ingrained gender stereotypes, overcoming unconscious biases, developing and supporting the talented women around them, and creating productive and respectful working relationships with women—especially in a post-#MeToo world.

T-Bin has been traveling through space for years to deposit its passengers on a new planet, to give them a new life. But now, mere days from arrival, Tanner can't shake the feeling that there's a more sinister plot at work. A short story from Guys Read: Other Worlds, edited by Jon Scieszka.

Learn expert tips and master all the tactics you need to come out on top (and look cool doing it) with this illustrated guide to the wildly popular game! Fall Guys is more than just a stampede of loveable characters—it takes skill to be the last player standing, and this unofficial game guide will equip you with everything you need to get there. It breaks down all of the game's characters, maps, obstacles, and mini-games, providing the strategies you need to up your game to the next level, face the gauntlet with confidence, and become the next battle-royale champion.

Dan Baum is a gun fanatic. He is also Jewish Democrat who grew up in suburban New Jersey. In Gun Guys, he takes us on a guided tour of gun stores and gun shows, shooting ranges and festivals, contests and auctions, trying to figure out what draws so many of us to guns in the first place. Is it just part of being American? Introducing a wide cast of characters, Baum shows both sides of the gun culture in America, bringing an entire world vividly to life, and in doing so helping to find a middle ground in the gun debate, where actual conversation can take place.

Meet history's most evil personalities in this encyclopedia of infamy from Vlad the Impaler to the psychopathic serial murderers of today.
