games and activities make How to Train a Superpuppy accessible for all members of the family so everyone can play a part in raising the perfect puppy.

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on The Oprah Winfrey Show to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In Cesar's Way, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn: • What your dog really needs may not be what you're giving him • Why a dog's natural pack instincts are the key to your happy relationship • How to relate to your dog on a canine level • There are no "problem breeds," just problem owners • How to choose a dog who's right for you and your family • The difference between discipline and punishment • And much more! Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

A guide to essential conversations that parents need to have with their children about being critical, independent thinkers and good people.

Biblical Evidence That Animals Really Do Go To Heaven. If you have pets or are grieving the loss of a pet then you must read this book. We love our pets and they love us. They become part of the family and it is painful when we have to say goodbye, however, you will be comforted to know that they are not gone forever as many people would believe. Inside this book you will get a glimpse of what heaven will be like and you will see that God loves and cares for his animals and there is indeed a place for them in heaven. In this book you will learn that animals are innocent and are not in need of salvation and that it was never our Heavenly Father's desire that we or his animals would suffer death. The pets that we had to say goodbye to are alive in heaven right now in their spiritual bodies and we will see them again if we accept Jesus as our Savior. Your Pet Is Not Gone Forever. I know how hard it is to lose a pet. I've had the pleasure of caring for many pets throughout my life and I am grief stricken every time one of them passes away. Dealing with the loss of a pet is difficult, especially when you've been taught as a child and led to believe throughout the years by misinformed people such as parents, family, and friends that they are gone forever and that you'll never see them again. After losing my Black Lab back in December 2009 and then my Golden Retriever in 2011 I decided to find out for myself what the Bible had to say about the subject. What I found out was very comforting and I know you will be comforted too when you read this book.

The popular English television personality suggests that dogs' misbehavior is their owners' fault and offers her method for training dogs of every temperament

The Gift of the Magi is a treasured short story written by O. Henry. A young and very much in love couple can barely afford their one-room apartment, let alone the extra expense of getting Christmas presents for one another. But each is determined to show their love for the other in this traditional time
