Jeremy is a good storyteller though, and doesn't take himself too seriously. I read this right after Arlie Lange's Crash and Burn, and found Ron Jeremy to be a refreshing, low-drama character compared to Lange's total douche-bagged-ness. There are fascinating revelations that I truly didn't expect about a 30+ year adult film actor.

I could go to work and have sex with countless beautiful women, and at the end of the day I'd come home to her and be as devoted as ever. And when she made porn films, it worked the same way. In an uncensored memoir, Hollywood's leading porn star reflects on two decades of filmdom scandal, the inner workings of the adult film industry, celebrity encounters, gossip, and fame, offering an unexpurgated account of his life and career.

The incredible, uncensored full story of the number one male porn star and legend, told in his own words. Here's the long and the short of it. Porn legend Ron Jeremy is known all over the world as a true icon of the porn industry, and as the most recognizable personality in the history of adult films. Ron Jeremy has been through every era of the industry's development and he has only grown in stature. And just like he does in his films, he delivers the goods in his book by dishing the dirt on over 20 years of Hollywood scandal, telling about the inner workings of the porn industry, and revealing a life filled with celebrities, gossip and international fame. Ron Jeremy is a born storyteller. In this uncensored memoir he tells the naked truth about his life, his career, and his adventures in Hollywood and around the world. He has also had a lot of success outside the XXX world, and he has stories on every major Hollywood celebrity. He does have a policy, however - "First you show me yours and then I'll show you mine. No exceptions." In addition to starring in over 1700 films, and directing 250 of them, Ron Jeremy has starred in the UK-based reality show The Farm, was on VH1 with The Surreal Life, has acted in mainstream films like Detroit Rock City, Orgazmo, Rodney Dangerfield's Meet Wally Sparks, and Rules of Attraction. He has appeared on Fox's The Family Guy, Just Shoot Me, The Weakest Link, and Nash Bridges. Ron had a hit single with DJ Polo ("Freak of the Week"), which spent 25 weeks on the Billboard charts. Pornstar, the documentary based on his life, met with huge critical acclaim.

The first publication of Raw Talent created an extraordinary flurry of publicity. Jerry Butler appeared on dozens of talk shows, capturing audiences with his intensity and charm. Reviews of the book lauded Butler's honesty and remarked on the double standard that permits explicit violence on film - but not explicit sex. The book sold out four printings; nonetheless, reactions within the adult film industry included heated debate and an unofficial blacklisting of Butler.The former star of X-rated films and winner of many awards, Jerry Butler wrote the book that many warned would finish him in the business that had rewarded him with money and fame. But it is characteristic of Butler that these warnings didn't prevent him from producing this devastatingly honest appraisal of the adult film trade - and of himself. For while Butler is frankly critical of an industry that treats actors and actresses like throw-away props, and allows unprotected sex in the age of AIDS, he reserves his most candid commentary for himself. Raw Talent tells the story of Butler's erotic voyage from average child to sex star. The epilogue added to this new edition answers the question: Where will Jerry go from here? . . . an unvarnished first-hand view of the adult film industry. . . Back StageEven though people might feel that Raw Talent shatters their fantasies, it illustrates the fakeness of porn and the carelessness of its makers. Bay NewsLove him or hate him, he's given us one controversial book. Adult Video NewsHe totally lets his hair down about the business, the people in it. Anyone fascinated by sex should really get into this book. Big fun. Midwest Record RecapA first-rate page turner. The New EditionA devastatingly accurate portrait of the male American libido. New York Post

The former good girl who became the star of Deep Throat tells the horrifying true story of her life on and off camera in this shocking tell-all memoir. Linda Boreman was just twenty-one when she met Chuck Traynor, the man who would change her life. Less than two years later, the girl who wouldn't let her high school dates get past first base was catapulted to fame as an adult film superstar. Linda Boreman of Yonkers, New York, had become Linda Lovelace. The unprecedented success of Deep Throat made pornography popular with mainstream audiences and made Lovelace a household name. But nobody, from the A-list celebrities who touted the movie to the audiences that lined up to see it, knew the truth about what went on behind the scenes. Taken prisoner by her sado-masochistic manager, Linda was forced into a marriage of savage beatings, hypnosis, and rape. She was terrorized into prostitution at gunpoint and forced to perform unspeakable perversions on film. Years later, when Linda came out of hiding to tell her story, the revelations rocked the porn industry in ways that made her fear for her life.
