Silk and Steel Podcast #82-Women ' s Forum on Misogyny, Harassment and Victim Blaming September 6, 2020 Recent expose of serial online harasser of leftist Asian women, British columnist Tom Fowdy had resulted in an explosion of misogyny, victim blaming from some members in the anti-Imperialist, pro-China Twitter space.

Silk and Steel: Women at Arms is the first comprehensive presentation on the subject of women and firearms. No object has had a greater impact on world history over the past 650 years than the firearm, and Wilson shows how women have played a vital role in its development. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

There are many ways to be a heroine. Princess and swordswoman, lawyer and motorcyclist, scholar and barbarian: there are many ways to be a heroine. In this anthology, seventeen authors find new ways to pair one weapon-wielding woman and one whose strengths lie in

She could take his name, Lady Kathryn Grayson is a gently bred noblewoman with a privileged future ahead of her..until her greedy uncle decides to steal her fortune by committing her to an insane asylum. Her only escape is to stow away in the carriage of Lucien Montaine, Marquess of Litchfield, who hears her story with disbelief and suspicion. Yet Kathryn's instincts tell her Lord Litchfield is a man of honor and her only salvation. Desperate to save herself, she attempts to seduce him and forces him into marriage. But she couldn't take his heart. The moment Lucien encounters the ragged, hungry waif with the dignity of a queen, he fights against wanting her. Though captivated by her intellect, strong will, and beauty, he will never love the woman who has deceived him. Or so he thought... Though their battle of wills grows stronger every day, desire threatens to overpower his fury. Can this maddening woman who is now his bride melt his heart of steel? Or will her silken touch only strengthen his vow never to fall prey to the dangers of love?

“ A confident One Thousand and One Nights for our present . . . Furious pop entertainment—full of sex, passion, violence, and magic ” (Slant Magazine). The sultan Bokhari Al-Bokhari of Bessa has 365 concubines—until a violent coup puts the city in the hands of the religious zealot Hakkim Mehdad. Hakkim has no use for the pleasures of the flesh: He condemns the women first to exile and then to death. Cast into the desert, the concubines must rely on themselves and each other to escape from the new sultan ’ s fanatical pursuit. But their goals go beyond mere survival: With the aid of the champions who emerge from among them, they intend to topple the usurper and retake Bessa from the repressive power that now controls it. The assassin, Zuleika, whose hands are weapons. The seer, Rem, whose tears are ink. The wise Gursoon, who was the dead sultan ’ s canniest advisor. The camel-thief, Anwar Das, who offers his lying tongue to the concubines ’ cause. Together, they must forge the women of the harem into an army, a seraglio of steel, and use it to conquer a city. But even if they succeed, their troubles will just be beginning—because their most dangerous enemy is within their own number. “ The Steel Seraglio is not a work of feminist or utopian theory. Nor is it a historical fantasy, a romance, a thriller, a poem, an allegory, or an epic. Rather, somehow, it is all of these things. ” —Neon Magazine “ A masterful, engaging and utterly fascinating story by three wonderful writers. ” —SF Revu

Guns had an enormous impact on the social, economic, cultural, and political lives of civilian men, women, and children of all social strata in early modern England. In this study, Lois Schworer identifies and analyzes England ’ s domestic gun culture from 1500 to 1740, uncovering how guns became available, what effects they had on society, and how different sectors of the population contributed to gun culture. The rise of guns made for recreational use followed the development of a robust gun industry intended by King Henry VIII to produce artillery and handguns for war. Located first in London, the gun industry brought the city new sounds, smells, street names, shops, sights, and communities of gun workers, many of whom were immigrants. Elite men used guns for hunting, target shooting, and

Read Book Silk And Steel Women At Arms

protection. They collected beautifully decorated guns, gave them as gifts, and included them in portraits and coats-of-arms, regarding firearms as a mark of status, power, and sophistication. With statutes and proclamations, the government legally denied firearms to subjects with an annual income under £100—about 98 percent of the population—whose reactions ranged from grudging acceptance to willful disobedience. Schwoerer shows how this domestic gun culture influenced England's Bill of Rights in 1689, a document often cited to support the claim that the Second Amendment to the United States Constitution conveys the right to have arms as an Anglo-American legacy. Schwoerer shows that the Bill of Rights did not grant a universal right to have arms, but rather a right restricted by religion, law, and economic standing, terms that reflected the nation's gun culture. Examining everything from gunmakers' records to wills, and from period portraits to toy guns, *Gun Culture in Early Modern England* offers new data and fresh insights on the place of the gun in English society.

A breathtaking conclusion to Bracewell's Emma of Normandy Trilogy, brimming with treachery, heartache, tenderness and passion as the English queen confronts ambitious and traitorous councilors, invading armies and the Danish king's power-hungry concubine. In the year 1012 England's Norman-born Queen Emma has been ten years wed to an aging, ruthless, haunted King Æthelred. The marriage is a bitterly unhappy one, between a queen who seeks to create her own sphere of influence within the court and a suspicious king who eyes her efforts with hostility and resentment. But royal discord shifts to grudging alliance when Cnut of Denmark, with the secret collusion of his English concubine Elgiva, invades England at the head of a massive viking army. Amid the chaos of war, Emma must outwit a fierce enemy whose goal is conquest, and outmaneuver the cunning Elgiva, who threatens all those whom Emma loves.

An introduction to the field of genetics is told through the story of Randy Lewis and his work with golden orb weaver spiders as well as his subsequent creation of artificial spider silk that can be used to save and improve lives. 20,000 first printing.

A tormented dragon prince. A captured elven assassin. Duty demands they fight for their people but love has other plans. Eroan, one of the last elven assassins, lives for one purpose: kill the queen. He would have succeeded if not for her last line of defense: Prince Lysander. Now, captured and forced into the queen's harem, Eroan sees another opportunity. Why kill just the queen when he can kill them all? It would be simple, if not for the troubled and alluring dragon prince. A warrior, a killer, and something else... something Eroan finds himself inexplicably drawn to. Trapped in a life he despises, Lysander knows his time is running out. If the queen doesn't kill him for his failures, her enemies will. There's nothing left to live for, until an elf assassin almost kills him. A stubborn, prideful, fool of an elf who doesn't know when to quit. An elf who sparks a violent, forbidden desire in Lysander. If Lysander can't save himself, maybe he can save the elf and maybe, just maybe... one stubborn elf will be enough to bring down the queen before her reign brings death to them all. Complete Series Reading Order: *Silk & Steel*, *Silk & Steel*, #1 *Iron & Fire*, *Silk & Steel*, #2 *Blood & Ice*, *Silk & Steel*, #3 *Also in this world: The Black Prince*

An elven assassin. A dragon prince. Three days they had together. Three days was not enough. There's a traitor among the elves. A traitor who will stop at nothing to see Eroan pay for the crime of loving a dragon, and Eroan Ileana will pay with blood. Lysander has never been free to choose his fate. That is about to change. Finally, he learns what it means to be emerald, but knowledge is power, and power

Read Book Silk And Steel Women At Arms

whispers its seductive curse into the ear of a broken prince. Elf and dragon. Leaders, lovers, fighters. Fates entwined. But as the dragonkin rise under a new king, will Eroan's and Lysander's boundless love save the world or destroy it forever?

After surviving a childhood under the oppressive rule of Chairman Mao's "Cultural Revolution," a young, courageous teenager abandons her life in China for the freedom of the unknown in America. Arriving at the New York City doorstep of family members she's never met, Ying-Ying has been promised they'll help her learn English and accomplish her dream of attaining a college degree. But weeks later, she's kicked out without explanation. Now a homeless immigrant, Ying-Ying must learn who to trust, how to find work, and how to succeed in a bustling metropolis that looks the other way. Overcoming obstacles of abandonment, heartbreak, and injustice in a foreign land, she remains fiercely determined to become a woman who will impact the world. An incredible story of second chances, *Wings of Silk* reminds the reader that underneath the fragile form of an individual, a strong and resilient heart is always ready to take flight.
