Establishing an effective partnership and achieving improved outcomes for investors and management teams during the hold cycle Private equity represents a productive and fast-growing asset class—building businesses, creating jobs, and providing unlimited opportunity for investors and management teams alike, particularly if they know how to work together in candid and effective partnerships. Restructuring

the Hold demonstrates how investors and managers can best work together to optimize company performance and the associated rewards and opportunities for everyone, not just the investors. Through brief references to the parable of the Gramm Company, a middle market portfolio company, readers will follow the disappointments and triumphs of a management team experiencing their first hold period under private equity ownership, from the day they get purchased through the day they get sold. Restructuring the Hold provides the reader both general knowledge and more

detailed better practices and frameworks relating to specific time periods during the hold. Within this book readers will find: An examination of a typical middle-market private equity hold period Guidance for newly acquired management teams on what to expect during the hold period Descriptions of better practice operating cadence between investors and management teams Examples of effective partnerships between investors and management teams Discussions of topics relevant to typical hold periods, including organizational structures, operations

improvement, selling pipelines and acquisition integrations With guidance from Restructuring the Hold, private equity principals and portfolio company executives can take steps toward greater collaboration and better outcomes. Through updated practices and strong relationships, they can partner effectively to improve portfolio company performance, which will lead to better outcomes for both investors and management teams.

A seventeen-year-old
struggles to remember the

tragic night that changed her life forever in this twist-filled debut novel of psychological suspense for fans of Sharp Objects and The Last Time I Lied. Evie and her uncle Jim have just moved to an isolated cabin in a remote beach town--a far cry from their hometown of Melbourne. But Evie isn't her real name. And Jim isn't really her uncle. Jim tells Evie she did something terrible back home, that he's hiding her to protect her. But Evie can't remember anything about that night--for all she knows, he's lying. As fragments of her memory return, she starts to wonder if Jim is

really her savior...or her captor. In a riveting novel that fearlessly plumbs the darkest recesses of the mind, J.P. Pomare explores the fragility of memory and the potential in everyone to hide the truth--even from themselves.

Newbury races, a cloud of corruption, suspicion and violence threatens to overwhelm the National Hunt season. James Thackeray, racing journalist, erratic tipster, amateur jockey, had every reason to turn detective. He'd found the body. But it was only a matter of time before the villains found him. Saddling up for the Grand National might just be the last thing he ever did...
