Revised edition of the authors' Social psychology, [2016]

In this edition, the author once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. And with Connect Social Psychology and LearnSmart, students are able to create a personalized learning plan helping them be more efficient and effective learners. With LearnSmart, students know what they know and master what they don't know and faculty are able to move to more in-depth classroom discussions. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. Research Close-Up and Inside Story features throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding Applying Social Psychology chapters all ensure that regardless of your students' interests and future plans, Social Psychology will engage them.

Based on the bestselling text, Social Psychology, 10th Edition, Exploring Social Psychology, 6th Edition succinctly explores social psychological science and its applications to contemporary issues and everyday life. Thirty-one short modules—each readable in a single

sitting—introduce students to important social phenomena and to how scientists discover and explain such phenomena. Throughout, students are challenged to think critically about such issues as:

- How does our thinking – both conscious and unconscious – drive our behavior?
- What leads people sometimes to hurt and sometimes to help one another?
- What kindles social conflict, and how can we transform closed fists into helping hands?

Answering these and other questions, *Exploring Social Psychology*, 6th Edition expands our self-understanding and sensitizes us to the social forces that pull our strings.

Distinguished by its current-events emphasis, the aim to bring the outside world into the field of social psychology, strong diversity coverage, and engaging connections drawn between social psychology and students' everyday lives, *SOCIAL PSYCHOLOGY*, Tenth Edition, remains one of the most scholarly and well-written texts in its field. The book integrates classic and contemporary research, and includes comprehensive coverage of social cognition and evolutionary psychology as well as authoritative material on social psychology and the law. Coverage of culture and diversity is integrated into every chapter by Hazel Rose Markus, a leader and respected researcher in the study of cultural psychology. A newsy, relevant, and up-to-date photo program complements the narrative. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Adopting a multicultural approach, this text guides readers in the study of social thinking, social influence, and social relations. It emphasises social psychology's applications to both work and life, and uses vignettes to emphasise the relevance of social psychology research.
