Benjamin Franklin ...

Franklin began writing the
Autobiography in 1771, but before he
could finish writing his whole life
story, he died, in 1790. (Part of the
reason he wasn't done with the book
by then was because he took two big
writing breaks, between 1771 to
1784 and 1784 to 1789.)

Franklin's lightning, and for publishing "Poor Richard's Almanac" and the Pennsylvania Gazette. He served as Postmaster General under the Continental Congress, and later became a prominent abolitionist. He is credited with inventing the lightning rod, the Franklin Stove, and bifocals. A year after Benjamin Franklin's death, his autobiography, entitled "Memoires De La Vie Privee," was published in Paris in March of 1791. The first English translation, "The Private Life of the Late Benjamin Franklin, LL.D. Originally Written By Himself, And Now Translated From The French," was published in London in 1793. Known today as "The Autobiography of Benjamin Franklin," this classic piece of Americana was originally written for Franklin's son William, then the Governor of New Jersey. His

Download Ebook The Autobiography Of Benjamin

Franklin-- in effect the life of Benjamin Franklin-- portrays a fascinating picture of life in Philadelphia, as well as Franklin's shrewd observations on the literature, philosophy and religion of America's Colonial and Revolutionary periods. Franklin wrote the first five chapters of his autobiography in England in 1771, resumed again thirteen years later (1784-85) in Paris and later in 1788 when he returned to the United States. Franklin ends the account of his life in 1757 when he was 51 years old.

Read about the fascinating life of Benjamin Franklin in this beautifully illustrated version of his autobiography.

statesman and philanthropist, Benjamin Franklin was the very embodiment of the American type of self-made man. In 1771, at the age of 65, he sat down to write his autobiography, "having emerged from the poverty and obscurity in which I was born and bred to a state of affluence and some degree of reputation in the world, and having gone so far through life with a considerable share of felicity." The result is a classic of American literature. On the eve of the tercentenary of Franklin's birth, the university he founded has selected the *Autobiography* for the Penn Reading Project. Each year, for the past fifteen years, the University of Pennsylvania has chosen a single work that the entire incoming class, and a large segment of the faculty and staff, read

and discuss together. For this occasion the University of Pennsylvania Press will publish a special edition of Franklin's Autobiography, including a new preface by University president Amy Gutmann and an introduction by distinguished scholar Peter Conn. The volume will also include four short essays by noted Penn professors as well as a chronology of Franklin's life and the text of Franklin's Proposals Relating to the Education of Youth in Pennsylvania, a document resulting in the establishment of an institution of higher education that ultimately became the University of Pennsylvania. No area of human endeavor escaped Franklin's keen attentions. His ideas and values, as Amy Gutmann notes in her remarks, have shaped the modern University of

Franklin 1771 and 1790. It has become one of the most well-known and influential autobiographies in history, and has been praised both as a historical document and a piece of literature in its own right. William Dean Howells declared that "Franklin's is one of the greatest autobiographies in literature, and towers over other autobiographies as Franklin towered over other men."
