A thrilling, behind-the-scenes account of the revolutionary Roe v. Wade Supreme Court ruling. The Justices Behind Roe V. Wade offers a front-row seat to the inner workings of the Supreme Court that led to the monumental Roe v. Wade decision. Spanning from 1969 to 1972, Pulitzer Prize-winning author Bob Woodward and coauthor Scott Armstrong report on the masterful maneuvering

Access Free The Brethren Inside The Supreme Court

and politicking that affected the court's decisions and created obstacles for the landmark ruling. Abridged from the #1 bestseller *The Brethren*, this is an exquisite work of reporting on one of the most important rulings of the United States.

A tiny, ebullient Jew who started as America's leading liberal and ended as its most famous judicial conservative. A Klansman who became an absolutist advocate of free speech and civil rights. A backcountry lawyer who started off trying cases about cows and went on to conduct the most important

Access Free The Brethren Inside The Supreme Court

international trial ever. A self-invented, tall-tale Westerner who narrowly missed the presidency but expanded individual freedom beyond what anyone before had dreamed. Four more different men could hardly be imagined. Yet they had certain things in common. Each was a self-made man who came from humble beginnings on the edge of poverty. Each had driving ambition and a will to succeed. Each was, in his own way, a genius. They began as close allies and friends of FDR, but the quest to shape a new Constitution led them to competition and sometimes outright warfare. Scorpions tells the story of these four great

Access Free The Brethren Inside The Supreme Court

justices: their relationship with Roosevelt, with each other, and with the turbulent world of the Great Depression, World War II, and the Cold War. It also serves as a history of the modern Constitution itself.

The former legal affairs editor of Newsweek takes us inside the secret world of the Supreme Court and shows how the justices subvert the role of the other branches of government—and how we've come to accept it at our peril. Never before has the Court been more central in American life. It is now the nine justices who too often decide the

Access Free The Brethren Inside The Supreme Court

biggest issues of our time—from abortion and same-sex marriage to gun control, campaign finance, and voting rights. The Court is so crucial that many voters in 2016 made their choice based on whom they thought their presidential candidate would name to the Court. Donald Trump picked Neil Gorsuch—the key decision of his new administration. The newest justice, Brett Kavanaugh—replacing Anthony Kennedy—is even more important, holding the swing vote over so much social policy. With the 2020 campaign underway, and with two justices in their '80s, the Court looms even larger. Is that really how

Access Free The Brethren Inside The Supreme Court

democracy is supposed to work? Based on exclusive interviews with the justices, Kaplan provides fresh details about life behind the scenes at the Court: the reaction to Kavanaugh's controversial arrival, the new role for Chief Justice John Roberts, Clarence Thomas's simmering rage, Antonin Scalia's death, Ruth Bader Ginsburg's celebrity, Breyer Bingo, and the petty feuding between Gorsuch and the chief justice. Kaplan offers a sweeping narrative of the justices' aggrandizement of power over the decades—from Roe v. Wade to Bush v. Gore to Citizens United. (He also faults the Court for not

Access Free The Brethren Inside The Supreme Court

getting involved when it should—for example, to limit partisan gerrymandering.) But the arrogance of the Court isn't partisan: Conservative and liberal justices alike are guilty of overreach. Challenging conventional wisdom about the Court's transcendent power, as well as presenting an intimate inside look at the Court, *The Most Dangerous Branch* is sure to rile both sides of the political aisle.

Acclaimed journalist Jeffrey Toobin takes us into the chambers of the most important—and secret—legal body in our country, the Supreme

Access Free The Brethren Inside The Supreme Court

Court, revealing the complex dynamic among the nine people who decide the law of the land. An institution at a moment of transition, the Court now stands at a crucial point, with major changes in store on such issues as abortion, civil rights, and church-state relations. Based on exclusive interviews with the justices and with a keen sense of the Court's history and the trajectory of its future, Jeffrey Toobin creates in *The Nine* a riveting story of one of the most important forces in American life today.

Access Free The Brethren Inside The Supreme Court

This book examines the American legal system, including a comprehensive treatment of the U.S. Supreme Court. Despite this treatment, the 'in' from the title deserves emphasis, for it extensively examines lower courts, providing separate chapters on state courts, the US District Courts, and the US Courts of Appeals. The book analyzes these courts from a legal/extralegal framework, drawing different conclusions about the relative influence of each based on institutional structures and empirical evidence. The book is also tied together through its attention to the relationship between lower courts and

Access Free The Brethren Inside The Supreme Court

the Supreme Court. Additionally, Election 2000 litigation provides a common substantive topic linking many of the chapters. Finally, it provides extended coverage to the legal process, with separate chapters on civil procedure, evidence, and criminal procedure.

“With Supreme Inequality, Adam Cohen has built, brick by brick, an airtight case against the Supreme Court of the last half-century...Cohen’s book is a closing statement in the case against an institution tasked with protecting the vulnerable, which has emboldened the rich and powerful instead.”

Access Free The Brethren Inside The Supreme Court

—Dahlia Lithwick, senior editor, Slate A revelatory examination of the conservative direction of the Supreme Court over the last fifty years. In *Supreme Inequality*, bestselling author Adam Cohen surveys the most significant Supreme Court rulings since the Nixon era and exposes how, contrary to what Americans like to believe, the Supreme Court does little to protect the rights of the poor and disadvantaged; in fact, it has not been on their side for fifty years. Cohen proves beyond doubt that the modern Court has been one of the leading forces behind the nation's soaring level of economic

Access Free The Brethren Inside The Supreme Court

inequality, and that an institution revered as a source of fairness has been systematically making America less fair. A triumph of American legal, political, and social history, Supreme Inequality holds to account the highest court in the land and shows how much damage it has done to America's ideals of equality, democracy, and justice for all.

Veilis the story of the covert wars that were waged in Central America, Iran and Libya in a secretive atmosphere and became the centerpieces and eventual time bombs of

Access Free The Brethren Inside The Supreme Court

American foreign policy in the 1980s.

#1 NEW YORK TIMES BESTSELLER • They call themselves the Brethren: three disgraced former judges doing time in a Florida federal prison. One was sent up for tax evasion. Another, for skimming bingo profits. The third for a career-ending drunken joyride. Meeting daily in the prison law library, taking exercise walks in their boxer shorts, these judges-turned-felons can reminisce about old court cases, dispense a little jailhouse justice, and contemplate where their lives went wrong. Or they can use their

Access Free The Brethren Inside The Supreme Court

time in prison to get very rich—very fast. And so they sit, sprawled in the prison library, furiously writing letters, fine-tuning a wickedly brilliant extortion scam—while events outside their prison walls begin to erupt. A bizarre presidential election is holding the nation in its grips, and a powerful government figure is pulling some very hidden strings. For the Brethren, the timing couldn't be better. Because they've just found the perfect victim.
