Perfect for readers of Joanna Blake and Sawyer Bennett, hailed as “charming, sexy, and smart” by Lauren Layne, the Bad Boys of Baseball series from award-winning author Katie Rose heats up as a hometown baseball star returns to snag the one that got away. When veteran catcher Connor Jackson gets traded to the New Jersey Sonics, he welcomes the opportunity to possibly cap his career with a World Series ring in his home state. But there’s another reason Connor is glad things have come full circle. In pursuit of hardball glory, he left behind his college sweetheart, the one girl he could never forget. Seeing her again stirs up long-fost desires . . . and this time, he’s determined not to strike out. A divorced mother of four, Tracy Coleman no longer aspires to gossip-mag glam—but she’ll make an exception for a date with Connor. Their chemistry is hotter than ever, and being alone with him is more seductive than she anticipated. Who could blame her for leaving out a little detail like the kids? Now all she has to do is come clean and convince the man of her dreams that they—Connor, Tracy, and her children—have a future together. Praise for The Heat Is On “Katie Rose’s story had me cheering from the stands as a sexy baseball player and his college sweetheart get a second chance at love.”—USA Today bestselling author Alexis Morgan “Rose once again creates a great addition to this series. [These] guys certainly bring it, and the ladies in their lives are amazing as well.”—(un)Conventional Bookviews “A win-win all around!”—LeAnn’s Book Reviews “Well-written, fun and entertaining. . . . **I WAS THERE WITH THESE TWO GIRLS ONCE; THEY WERE STRIPPERS. THEY SAID 'DAVE, WED LIKE YOU TO GO UPSTAIRS, THE TWO OF US, WITH YOU.' SO I SAID, 'OKAY'. IT WAS ANGUS, AND IT WAS HOT AND SWEATY AND HUMID, AND WE COMMENCED TO DELIVER THE GROCERIES AT 138 BEATS PER MINUTE OR MORE. ONE OF THE GIRLS HAD \$1500 IN SINGLES AND FIVES AND TENS, HER END-OF-THE-WEEK TIPS AND PAY AND EVERYTHING IN HER G-STRING. NOBODY NOTICED, YOU KNOW, WHEN THE G-STRING CAME UNDONE - WELL, I NOTICED -- NOBODY NOTICED THE MONEY, LIKE, FLOATING AROUND. I WOKE UP AT SOME POINT AROUND DAWN, THE TWO OF THEM WERE ASLEEP, AND ALL THREE OF US WERE COVERED WITH MONEY, EVERY SQUARE INCH OF SKIN HAD A DOLLAR BILL PASTED TO IT -- THERE WAS NOTHING BUT THE WHOLE BED WAS COVERED WITH BILLS. OUR BODIES WERE COVERED WITH BILLS. THERE WAS BILLS IN MY UNDERWEAR. TAKE A LITTLE PICTURE OF THAT.**
So begins perhaps the ultimate rock autobiography. Throughout the late-seventies and eighties Van Halen were the archetypal American rock group. Whats more they were also the highest paid band in the history of show business, taking a cool \$1 million for a night's work at a festival in 1983 and making the Guinness Book of Records.

An exuberant debut that sweeps across the twentieth century—beginning where one world-famous love story left off to introduce us to another With Sophie Tucker belting from his hand-crank phonograph and a circle of boarding-school admirers laughing uproariously around him, Ben "Trouble" Pinkerton first appears to us through the amazed eyes of his Blaze Academy schoolmate, the crippled orphan Woodley Sharpless. Soon Woodley finds his life inextricably linked with this strange boy's. The son of Lieutenant Benjamin Pinkerton and the geisha Madame Butterfly, Trouble is raised in the United States by Pinkerton (now a Democrat senator) and his American wife, Kate. From early in life, Trouble finds himself at the center of some of the biggest events of the century—and though over time Woodley's and Trouble's paths diverge, their lives collide again to dramatic effect. From Greenwich Village in the Roaring Twenties, to WPA labor during the Great Depression; from secret work at Los Alamos, New Mexico, to a revelation on a Nagasaki hillside by the sea—Woodley observes firsthand the highs and lows of the twentieth century and witnesses, too, the extraordinary destiny of the Pinkerton family. David Rain's The Heat of the Sun is a high-wire act of sustained invention—as playful as it is ambitious, as moving as it is theatrical, and as historically resonant as it is evocative of the powerful bonds of friendship and of love.

Fanatical about cricket since he was a boy, Miles Jupp would do anything to see his heroes play. But perhaps deciding to bluff his way into the press corps during England's Test series in India wasn't his best idea. By claiming to be the cricket correspondent for BBC Scotland and getting a job with the (Welsh) Western Mail, Miles lands the press pass that will surely be the ticket to his dreams. Soon, he finds himself in cricket heaven - drinking with David Gower and Beffy, sharing bar room banter with Nasser Hussain and swapping diatribe stories with the Test Match Special team. But struggling in the heat under the burden of his own fibs, reality soon catches up with Miles as he bumbles from one disaster to the next. A joyous, charming, yet cautionary tale, Fibber in the Heat is for anyone who's ever dreamt about doing nothing but waching cricket all day long.

For an increasing number of people, global warming is not an academic and scientific debate, but a matter of survival. As the planet warms at a rate of four degrees Fahrenheit per century, violent storms are increasing in frequency, icebergs are melting, sea level is rising, species are losing their habitats, and temperature records are being broken. Feeling the Heat consists of chapter-length visits by well-known authors to actual world "hot" spots, where people are already coping day-to-day with the consequences of climactic disruption. The locations for the book were strategically chosen because each represents a separate and important global warming impact, such as rising tides, melting glaciers, evolving ecosystems and air pollution. Feeling the Heat takes global warming out of the realm of armchair speculation and arcane scientific debate, revealing the process of climate change to be ongoing, serious and immediate.
