The Lee Avenue Haunting had a lot of the same aspects as Amityville. To me the book was more of a collection of short I won this book through a Goodreads Giveaway and read it in about 2 hours. I'm a big horror book and movie fan, although I'm sure experiencing this in real life is not as enjoyable as reading or watching it.

Lee Ave and Chestnut St, Clarksburg, WV / Google Maps I never believed other people's ghost stories, until I experienced my own in 1986. I am a 31-year-old man who usually thinks rationally, but I still get the chills when I think of what happened to me and my two friends, Alan and James, that cold winter night.

The Lee Avenue Haunting is an enjoyable read. The author's voice conveys the raw emotion of living through such paranormal events. The mix of being brought into the story timeline of the child's experience, reflection of the now adult author, and the interjections of wisdom from a paranormal investigator make for a well-rounded book.

Donna Parish-Bischoff is one of the Co-Founders of Indy Para, a team of Paranormal Investigators who tells of her new book's haunted tale called The Lee Avenue Haunting. Nowadays it seems everyone has a ghost story to tell, share or explore. One in particular that is a good one was written by a native New Yorker who lives in upstate, New York, with her husband. Donna Parish-Bischoff is one of the Co-Founders of Indy Para, a team of Paranormal Investigators that we see much of today. They have been featured on two episodes of The BIO Channel's My Ghost Story for covering some investigations at Miss Fanny's Victorian Party House in Wappingers Falls, New York and the Patchett House located in Montgomery, New York. Donna talks about her own ghost story in the book called 'The Lee Avenue Haunting' as it's second edition was released April 17th of this year. In that edition the author has included some photo's and an additional chapter taking you on her journey meeting the current owner's of the home she grew up in. She took on a new editor, Christopher DiCesare, as well. He's known for his film and book 'Please Talk With Me' and later this year to be released 'Surviving Evidence.' The Lee Avenue Haunting tells of a story from 1974 when Donna and her family moved into this home that was built in the early 1900's as it was once a vacant farmland lot. Unknown to their family it was riddled with its shadow people and secret's of the past. These dark passages entered their lives early into the

move. Some would have called Donna's family insane for staying as long as they did. Donna says, "You see we did not have a choice financially. Our family was a family of means, struggling on left-over's and a prayer. Back in the 1970's some landlords gave five year leases. And we could not afford to move nor could we tell our landlord the home was running rampant with multiple entities keeping us up all night as well as punching its way into our physical universe." Donna explains that "I decided to write about our collective family experience's throughout the five years because I knew as a now paranormal investigator, being I have co-founded my own team Indy Para along with Terri Garofalo, that I could talk about it. It was my responsibility to let others know they aren't alone out there. Another reason I wanted to write the book was to honor my deceased parent's and brother. My brother and I always spoke about writing the book about Lee Avenue. He became ill with cancer and passed way before his time in 2010. My sister illustrated the cover art work and I wrote the story for our family." Donna feels that "What once emotionally destroyed me as a child witnessing these almost demonic entities has re-built me from the inside out and has given me a re-gained faith and strength in the afterlife now as an adult." Her second book "Growing Up Paranormal," is due out Fall of 2013. It further explores the author's life as well as other live's who have submitted their experiences. Donna says that, "We all have a common thread, I hope 'Growing Up Paranormal' proves this to show how much we all have to share with each other." Over the past years many have come forward to talk about their experiences as due to the upsurge in cable television shows has prompted the high interest again since the days of In Search Of, the first real reality show on air. As with the outpouring of ghost stories so there is of books on the subject matter. However, they are not all good and I am pleased to direct my readers and fans to Donna's. The quiet New York suburb of Yonkers hides a history of hauntings. Now converted into apartments, old Public School 13 is the site of strange apparitions that may be ghosts of former students and teachers who died in a tragic fire. The Boyce Thompson Institute's lofty goal of solving world hunger was never met, and unfulfilled spirits are said to lurk in its abandoned laboratory. Wealthy colonial landowners still watch over stately historic homes like Philipse Manor Hall. Even the iconic Untermyer Park is a playground for the otherworldly. Local ghost investigator Jason Medina reveals these and other ghosts of Yonkers.

denial, and obsession. Anatomy of a Haunting is a terrifying true story about one house and its inhabitants who have been pushed to the brink of insanity and death. Although there are numerous books about Louisiana, little information about the forts are included and none combines the forts with ghost stories. Louisiana has five distinct regions, and all have historic forts, ranging from French rule to Spanish, Confederate, Federal, and even Privateer. Each unique story is heightened by ghostly legends. The state is already a strong tourist attraction with a \$5.2 billion business yearly, 87,000 employees in tourism, and a population of over 4,000,000.

“Spine-tingling ghost stories . . . Thrilling tales of the Bluff City’s past” (Memphis Reads). Much like its muddy riverbanks, the mid-South is flooded with tales of shadowy spirits lurking among us. Beyond the rhythm of the blues and tapping of blue suede shoes is a history steeped in horror. From the restless souls of Elmwood Cemetery to the voodoo vices of Beale Street, phantom hymns of the Orpheum Theatre and Civil War soldiers still looking for a fight, peer beyond the shadows of the city’s most historic sites. Author and lifelong resident Laura Cunningham expertly blends fright with history and presents the ghostly legends from Beale to Bartlett, Germantown to Collierville, in this one-of-a-kind volume no resident or visitor should be without. Includes photos! “There are plenty of places in Memphis to go where the spirits aren’t in costume or getting paid to make you scream. Laura Cunningham reveals all the terrifying details in [ Haunted Memphis].” —WREG.com

If you are easily offended may I suggest the Family Friendly Edition.

My Haunted Chicago book series turns 10 years old this year (Oct 2015) and as part of that celebration I'm releasing this fan requested special edition ahead of the regular release due out later this year. For years you people have asked for a family friendly entry into this series, so here it is... almost completely devoid of my wit, charming personality, twisted sense of humor and wicked commentary... in short a Dead Lee book without Dead Lee. To achieve this, this book has been aggressively edited down to a rather anemic 88 locations and 317 pages. Outside of a few stray words here and there, this is as close to family friendly as I can get.

These contemporary stories are the result of an extensive quest for ghostly phenomena taking place from one end of the city to the other. Now you, too, can visit with these spirits, at your own risk!
