How They Murdered Princess Diana shows that the 2007-8 London inquest into the deaths - headed by Lord Justice Scott Baker - was one of the most inept and corrupt inquests in the history of the British judicial system. It also exposes the 2004-6 Scotland Yard Paget investigation as a huge farce that was more dedicated to covering up the facts of what occurred than to uncovering truth. The perpetrators never thought anyone would or could ever do a full investigation piecing it all together - but this is exactly what John Morgan has done. As a result of nine years of investigative research he has produced the definitive work on the Paris assassination - the uncensored record of what occurred, how it was done and
