The Omega Project. In The Wizard of Oz, a runaway teen finds herself transplanted to a strange land, only to awaken and learn it was all a dream. In Planet of the Apes, an astronaut awakens to find himself in a strange land, only to realize he is still on Earth. The Omega Project ups the ante on both adventures, and neither the hero nor the reader will know the true reality until the very last page.~~

I love reading Steve Alten' s books. The Omega Project was highly imaginative and creative. A true science fiction adventure.

Joining a scientific team originally scheduled to travel to one of Jupiter's moons, tech genius Robert Eisenbraun is put into hibernation against his will and awakens on a hostile Earth where he must defeat a technological adversary of his own making. By the best-selling author of the MEG series. 20,000 first printing.

A riveting thriller of catastrophe and one man's heroic effort to save the Earth, from the best selling author of the Meg series On the brink of a disaster that could end all human life on earth, tech genius Robert Eisenbraun joins a team of scientists in Antarctica on a mission to Jupiter's moon Europa to mine a rare ore that would provide for Earth's long-term energy needs. But as he and the rest of the team train under the ice shelf in preparation for the long journey, trouble erupts, and before they embark Eisenbraun is the odd man out, put into cold sleep against his will.... When Robert wakes, he finds the ship deserted and not functional. He escapes to the surface of an Earth terribly changed. The plan has gone horribly wrong, but as he adapts to a hostile environment, he realizes that there is still a way to accomplish what his mission had set out to achieve. But he also discovers that he faces a new adversary of the most unlikely sort. For now, his own survival and that of the woman whose love has sustained him in his darkest hours depend on the defeat of a technological colossus partly of his own making. Confronting a foe that knows him almost as well as he knows himself, he faces the prospect of depending on resources that he has reason to believe will be available on one particular night of a full moon, a night foretold by a mysterious unseen ally to be a pivotal moment for the fate of the earth. The game has changed, and Earth's future depends on him and him alone. Marine biologist Zachary Wallace once suffered a near-drowning experience in legendary Loch Ness, and now, long-forgotten memories of that experience have begun haunting him. The truth surrounding these memories lies with Zachary's estranged father, Angus Wallace, a wily Highlander on trial for murder. Together the two plunge into a world where the legend of Loch Ness shows its true face. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In MEG: Generations, Steve Alten New York Times bestselling author continues his terrifying series. MEG: GENERATIONS opens where MEG: NIGHTSTALKERS left off. The Liopleurodon offspring has been moved to a holding tank aboard the Dubai-Land transport ship, Tonga for its journey to the Middle East. While the Crown Prince's investors gawk at the creature, below deck in the tanker's hold, another captured beast is awakened from its drug-induced state and goes on a rampage. The vessel sinks, the Lio escapes At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

September Eleventh . . . war in Iraq . . . turmoil in the Middle East . . . an impending war with Iran. They have one thing in common: oil. And the world is running out. The Shell Game is a thrilling novel that faces the end of oil and the next big attack on American soil. This fictional tale resonates with chilling facts from real-life informants in the oil industry and the U.S. government, piecing together the terrifying truth about a nation addicted to oil. The tale opens in 2007 as the CIA plans a nuclear attack on an American city, blaming the deaths of millions of Americans on Iran and inciting a retaliatory strike that will place the U.S. in control of Iran's oil resources. Five years later, petroleum geologist Ashley "Ace" Futrell discovers that the world's oil supply is rapidly nearing its end. When his wife—a former national security advisor—is suddenly murdered, Ace finds himself hurtling down a rabbit's hole that leads to the brink of World War III.

In this fifth installment of the New York Times bestselling MEG series, Nighstalkers picks up where MEG: Hell's Aquarium left off. Bela and Lizzy, the dominant Megalodon siblings from Angel's brood, have escaped the Tanaka Institute to roam the Salish Sea in British Columbia. While Jonas Taylor and his friend Mac attempt to either recapture or kill the "sisters," Jonas's son, David, embarks on his own adventure, motivated by revenge. Having witnessed his girlfriend's gruesome death, David has joined a Dubai Prince's ocean expedition, tracking the 120-foot, hundred-ton Liopleurodon that escaped from the Panthalassa Sea. Haunted by night terrors, David repeatedly risks his life to lure the Lio and other prehistoric sea creatures into the fleet's nets, while battling his own suicidal demons. Steve Alten weaves these storylines together in a page-turning thriller that culminates in a final showdown between the most dangerous predators ever to inhabit the planet. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Master of suspense Steve Alten always takes readers to the edge with his non-stop, adrenaline-charged novels. Now, in The Trench, Alten shows just how deep fear can run when you don't know what lurks beneath the surface... Its appetite is ravenous. Its teeth, scalpel-sharp. For the first time, the captive twenty-ton

Megalodon shark has tasted human blood, and it wants more... On the other side of the world, in the silent depths of the ocean, lies the Marianas Trench, where the Megalodon has spawned since the dawn of time. Paleobiologist Jonas Taylor once dared to enter this perilous cavern. He alone faced a Megalodon shark and cut its heart out. Now, as the body count rises and the horror of a monster's attack grips the California coast, Jonas must begin the hunt again, and return to the waking nightmare of... THE TRENCH "A fast-paced thriller with many plot twists." --Booklist "A nail-biting summer read." --Kirkus Reviews

New York Times bestselling author Steve Alten's Meg: Hell's Aquarium continues his thrilling action adventure series--the basis for the feature film The Meg, starring Jason Statham as Jonas Taylor. The most fearsome predators in history...are no longer history. The Philippine Sea Plate: The most unexplored realm on the planet. Hidden beneath its primordial crust lies the remains of the Panthalassa, an ocean that dates back 220 million years. Vast and isolated, the Panthalassa is inhabited by nightmarish sea creatures long believed extinct. Tanaka Institute, Monterey, CA: Four years have passed since Angel, the 76-foot, 100,000 pound Megalodon, birthed a litter of pups far too numerous and aggressive to keep in one pen. Fortunately, a Dubai royal prince who is building the largest aquarium in the world seeks to purchase two of the "runts"--if Jonas Taylor's twenty-one year-old son, David, will be their handler. Jonas reluctantly agrees, and David is off to Dubai for the summer of his life, not realizing that he is being set up to lead an expedition that will hunt down and capture the most dangerous creatures ever to inhabit the Earth!
