The story continues in The Tigers Ambush and
Kit and the boys discover more about what she
is and what they are. The action continues as
does the romance and the steam factor gets
high. For a fairly new author Tate James is
doing an amazing job of telling a rich, multi
dimensional story that will suck you in and
drag you along for the ride and nowhere along
the way are you going to want to get off it.

My quest for answers is what's led me here. Here, to the edge of civilization where shifters are free from persecution and able

to live in peace. Or, at least they were until I arrived. In the aftermath of the trouble I brought, one man holds the answers I seek so desperately. Whether he will part with his secrets, that's another matter. This world is not what I always thought it to be and someone is doing their best to kill us all; when accidents continue to happen I must consider the possibility that someone I love is setting me up. With the fate of the world at stake, I must face the demons of my past or risk being consumed by them. But this time, I'm not alone. I'm Kit Davenport and this is going to leave a mark.

Well, I just can't seem to catch a break, can I? None of us saw it coming, no matter what precautions we took or how many contingencies we put into play. What's the point of having all this power when everyone is out to get me? They say things are darkest before the light, and that the storm gets worse before it clears. Trust me when I say platitudes don't do a damn bit of good when you're in the middle of it. I'm Kit Davenport, and my heart is breaking.

fox, Tate James lures you into this Reverse Harem thriller full of twists, turns, and tempting men!" -- A&E Kirk, Bestselling Author of The Divinicus Nex Chronicles I want vengeance so badly that I can almost taste it. It's all I've ever wanted. So, I did what anyone in my unique position would do. I slapped on a secret identity and became an internationally renowned thief, known as The Fox. Nobody knows me. Nobody can catch me. Or so I thought... It turns out; I have what they want. Special abilities. And trust me, these abilities are coveted--and dangerous. Now, I don't know who to trust or where to go. Peril lurks on every corner as I try to uncover my past and origin. Teaming up with unlikely allies may be my only chance at survival or my biggest mistake. Only time will tell. I'm Kit Davenport and this is only the beginning. ** Warning: This book is a Reverse Harem. It also contains violence, sex, bad-language and content which some readers may find triggering. **

I should have known my quest for vengeance would eventually be my downfall. I should have been more careful, more paranoid--but I'm glad I wasn't. Who knew that getting caught for my crimes would lead to so much happiness? But joy can be fleeting... It turns out, this battle is only just beginning. With ultimate power on the line, my faceless enemies will stop at nothing to capture me, dead or alive. I need to master

my abilities, fast, or this could be the end for someone I care far too deeply about. I'm Kit Davenport and this is going to be a bumpy flight. Warning: This is a reverse harem story with sex, violence and swearing.

The time is now. It seems all I've ever wanted was vengeance. I did everything right: I protected my friends, I pushed myself to the limits, and I saved lives. Once upon a time, I was an internationally renowned thief known as The Fox. Nobody knew me. Nobody could catch me. Nobody but them, my men, my partners in crime. But their love for me, it's cost them dearly. Our enemies keep coming for blood. They cut me. They hurt my friends. They push and push to see what will happen. I'm Kit Davenport, and I'm going to show them what happens. This is the end. Theirs.

Betrayal has forced us on the run. Evading the very man I considered my family, the organization I once considered good. In hiding, I need to master my new power and find peace with my bonded guardian--or risk exposure. But my heart can't accept the events that led us here. I need answers. Closure. An olive branch is offered and another trap is sprung. While my relationships grow stronger by the day, new tensions arise and ghosts of my past appear. But can anyone be trusted? I'm Kit Davenport and I didn't see that one coming.

Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation.

Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare missions.
