The term Other White is a classification of ethnicity in the United Kingdom and has been used in documents such as the 2011 UK Census to describe people who self-identify as white persons who are not of the English, Welsh, Scottish, Romani or Irish ethnic groupings. The category does not comprise a single ethnic group but is instead a method of identification for white people who are not represented by other white census categories. This means that the Other White group contains a diverse collec

Classic tales of the fantastic, creepy and weird, with a foreword from the award-winning director of *The Shape of Water* Guillermo Del Toro Machen's weird tales of the creepy and fantastic finally come to Penguin Classics. With an introduction from S.T. Joshi, editor of *American Supernatural Tales*, *The White People and Other Weird Stories* is the perfect introduction to the father of weird fiction. The title story "The White People" is an exercise in the bizarre leaving the reader disoriented and on edge. From the first page, Machen turns even fundamental truths upside-down, as his character Ambrose explains, "there have been those who have sounded the very depths of sin, who all their lives have never done an 'ill deed'" setting the stage for a tale entirely without logic. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. one of them pulls out and opens a mysterious diary filled with archaic folklore and studies of the occult. A hallucinogenic labyrinth of madness, witchcraft and the vileness of mankind - 'The White People' is a must-read for devotees of Machen, H.P. Lovecraft and Edgar Allen Poe. Jorge Luis Borges cited Machen as a great writer and an inspiration for the magical realism movement in literature. Notorious occultist Aleister Crowley also greatly admired Machen for effortlessly crossing over the threshold that separates reality and the magical realm. Strongly recommended for fans of the 'Good Omens' series inspired by Terry Pratchett's fiction and starring Michael Sheen and David Tennant. Fans of the HBO show 'Lovecraft Country' may also find a true Lovecraft-ian treasure trove hidden between the pages of 'The White People'. Arthur Machen (1863-1947) was a Welsh writer of supernatural, fantasy, and horror novels. Before his literary career skyrocketed he also worked as a journalist and an actor. His major belief was that the ordinary and external world surreptitiously conceals something far more mysterious and bizarre. In turn, we are deeply interested in trying to lift the veil enshrouding the threshold separating the two. His most acclaimed works include the classic horror novella 'The Great God Pan' and the semi-autobiographical 'The Hill of Dreams'.

A discussion between two men on the nature of evil leads one of them to reveal a mysterious Green Book he possesses.

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Presents a striking picture of the elements of contemporary public education that conspire against the prospects for poor children of color, creating a persistent gap in achievement during the school years that has eluded several decades of reform. By the best-selling

Written with award-winning sportswriter and author Dave Zirin, *Things that Make White People Uncomfortable* is a sports book for our turbulent times, a memoir, and a manifesto as hilarious and engaging as it is illuminating.

This book is not written to attack white people, this book was written to be served as an eye opener to let the world have a vision of what the world would be like if the Racism shoe was on the other foot. This novel *Reversed Racism* is filled with scenes that is just asking the question how would whites have felt if the shoe was on the other foot, and Blacks did to whites, what whites did to Blacks. This book is only an eye opener to get whites, Blacks and the rest of the world to open up their hearts and minds and understand Blacks pain, and what we have been through. The author of this book is in no way prejudice. He's just asking how would whites have liked it if they were put through what us Blacks were put through. Just because of the color of our skin. What if Racism was Reversed and Blacks treated whites that way just because of the color of their skin? How would they have liked it? This novel is dedicated to President Obama, Dr Martin Luther King, Rosa Parks, Larry Hoover, Stanley Tookie Williams, Rodney King, Michael
