An evil queen, a dangerous man, and a witch, tangled together in a tale of Snow White... Desperate to save the last of her family from the murderous Faery Queen, Trina Mac Elvy weaves a spell of entrapment. But instead of a common soldier, the queen has released the Dark Huntsman, a full blooded fae with lethal powers. Caged for treason, Logan Ni Brennan, is ready to do anything to win free of the manipulative queen, even if it includes running a last errand for her...murdering a witch. As the queen slides into insanity and her closest advisor makes plans to succeed to the throne, Logan secrets Trina away in the enchanted forest and makes a decisive move in his dangerous game of manipulation. But the gaming tables of fate turn on him, and when Trina's life is threatened he discovers he risks more than his freedom...he risks his heart. In this delightful and witty novel, Laura Willowes rebels against pressure to be the perfect 'maiden aunt'. Not interested in men or the rushed life of London, Laura is forced to move there from her beloved countryside after the death of her father. Her relatives like dead things; they treasure stuffed animals and parade possible husbands ('suitable and likely undertakers', as Laura calls them) in front of Miss Willowes. Finally, Laura strikes out for the countryside on her own, selling her soul to an affable but rather simple-minded devil, and becomes a witch. First written in the 1920s, this book is timely

and entertaining. It was the first selection of the Book-of-the-Month Club in 1926.

I was inspired to write this book after watching my young granddaughter Imogen playing in my garden one summer. From an early age, Imogen began to show signs of having an extraordinary imagination. When in trouble with her grandma over small transgressions, she would quickly say that it was the naughty little elves in granddad's garden that made her do these naughty things. Hearing this, I decided to place a few small elves, fairies, gnomes, and pixies in parts of my garden. I have to say that this idea really took off. Imogen began to invent really outlandish stories of the fun she was having in the garden with the naughty little elves. So much so that I began to add other little characters into the garden. As I began to write this book, I suddenly became as much of a child as my granddaughter. I began to create, in my head anyway, lots of different characters and the different things that they would get up to. Every time I would sit in front of my PC to write another story, I suddenly became a child once again. I found myself almost believing in the adventures that I was writing about. Not only was I beginning to believe in the adventures but I found myself being dragged into the stories. It was as if I was really there in Angle-Wing Forest with my

granddaughter Imogen. When I had completed this collection of adventures in Fairy Land, I gave them to my granddaughter to read, and she loved them. So remember, people, if you can set aside all your adult thoughts and your adult ways for one day, then you just might enjoy the adventures in Angel-Wing Forest with your own beautiful children.
