Travelers in the Third Reich, by Julia Boyd review - The ...

It records an astonishing number of travellers' experiences in Germany from the end of the first to the end of the second world war. She not merely records their stories, but weaves them into a fascinating and coherent narrative. Threaded throughout is the blindness of so many travellers to the horrors of Hitlerism.

The Third Reich, which Hitler and the Nazis referred to as the Thousand Year Reich, ended in May 1945 after just 12 years, when the Allies defeated Germany, ending World War II in Europe. On 30 January 1933, Hitler was appointed Chancellor of Germany, the head of government, by the President of the Weimar Republic, Paul von Hindenburg, the head of State.

Disturbing, absurd, moving, and ranging from the deeply trivial to the deeply tragic, their tales give a fresh insight into the complexities of the Third Reich, its paradoxes, and its ultimate destruction.

Through the eyes of foreign authors, this collection offers a new perspective on the horrifying details of German life under Nazism, in accounts as gripping and well-written as a novel, but bearing all the weight of historical witness.

“A dense and scholarly book about . . . the relationship between the Nazi party and the occult . . . reveals stranger-than-fiction truths on every page.”—Daily Telegraph
The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler’s personal obsession or wildly overstated for its novelty. Preposterous though it was, however, supernatural thinking was inextricable from the Nazi project. The regime enlisted astrology and the paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich’s relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently rooted out, suppressed, and outlawed, the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power, shape propaganda and policy, and pursue their dreams of racial utopia and empire. “[Kurlander] shows how swiftly irrational ideas can take hold, even in an age before social media.”—The Washington Post
“Deeply researched, convincingly authenticated, this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish.”—The Spectator
“A trustworthy [book] on an extraordinary subject.”—The Times
“A fascinating look at a little-understood aspect of fascism.”—Kirkus Reviews
“Kurlander provides a careful, clear-headed, and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits.”—National Review

An intimate portrait of German life during World War II, shining a light on ordinary people living in a picturesque Bavarian village under Nazi rule, from a past winner of the Los Angeles Times Book Prize for History. Hidden deep in the Bavarian mountains lies the picturesque village of Oberstdorf—a place where for hundreds of years people lived simple lives while history was made elsewhere. Yet even this remote idyll could not escape the brutal iron grip of the Nazi regime. From the author of the international bestseller *Travelers in the Third Reich* comes *A Village in the Third Reich*, shining a light on the lives of ordinary people. Drawing on personal archives, letters, interviews and memoirs, it lays bare their brutality and love; courage and weakness; action, apathy and grief; hope, pain, joy, and despair. Within its pages we encounter people from all walks of life – foresters, priests, farmers and nuns; innkeepers, Nazi officials, veterans and party members; village councillors, mountaineers, socialists, slave labourers, schoolchildren, tourists and aristocrats. We meet the Jews who survived – and those who didn’t; the Nazi mayor

who tried to shield those persecuted by the regime; and a blind boy whose life was judged "not worth living." This is a tale of conflicting loyalties and desires, of shattered dreams—but one in which, ultimately, human resilience triumphs. These are the stories of ordinary lives at the crossroads of history.

Seeing Hitler's Germany is the first fully researched, wide-ranging study of commercial tourism under the swastika. The book demonstrates how effectively the Nazi regime coordinated all German tourism organizations. At the same time, it emphasizes the apparent 'normality' of many everyday tourist experiences after 1933. These certainly helped some Germans and many foreign visitors to overlook the regime's brutality. However, tourism also celebrated the most racist, chauvinist aspects of the 'new Germany', which in turn became a normal part of being a tourist under Hitler. While violence and terror have continued to dominate many recent studies of the Third Reich, this book takes a different view. By investigating a range of 'normal' experiences - such as taking a tour, visiting a popular sightseeing attraction, reading a guidebook or sending a postcard - Seeing Hitler's Germany deepens our understanding of the popular legitimization of Nazi rule.

This is the untold story of how some of Germany's top aristocrats contributed to Hitler's secret diplomacy during the Third Reich, providing a direct line to their influential contacts and relations across Europe — especially in Britain, where their contacts included the press baron and Daily Mail owner Lord Rothermere and the future King Edward VIII. Using previously unexplored sources from Britain, Germany, the Netherlands, the Czech Republic, and the USA, Karina Urbach unravels the story of top-level go-betweens such as the Duke of Coburg, grandson of Queen Victoria, and the seductive Stephanie von Hohenlohe, who rose from a life of poverty in Vienna to become a princess and an intimate of Adolf Hitler. As Urbach shows, Coburg and other senior aristocrats were tasked with some of Germany's most secret foreign policy missions from the First World War onwards, culminating in their role as Hitler's trusted go-betweens, as he readied Germany for conflict during the 1930s — and later, in the Second World War. Tracing what became of these high-level go-betweens in the years after the Nazi collapse in 1945 — from prominent media careers to sunny retirements in Marbella — the book concludes with an assessment of their overall significance in the foreign policy of the Third Reich.
