A brand-new book from the Father of the Modern Creationism Movement, this marvelous look at the author's favorite book of the Bible gives the reader insights not commonly taught in the Church today.This devotional, focusing on the spiritual, physical, and scientific dimensions of the Psalms, starts with the conviction that the Bible is a supernaturally-transmitted collection of the books, with Psalms leading the parade of the world's greatest literature. From the book's definite nod to scientific concepts, to the groanings of King David, Treasures in the Psalms promises to be a gift beyond measure.

How to Live as Jesus Lived Dallas Willard, one of today's most brilliant Christian thinkers and author of The Divine Conspiracy (Christianity Today's 1999 Book of the Year), presents a way of living that enables ordinary men and women to enjoy the fruit of the Christian life. He reveals how the key to self-transformation resides in the practice of the spiritual disciplines, and how their practice affirms human life to the fullest. The Spirit of the Disciplines is for everyone who strives to be a disciple of Jesus in thought and action as well as intention.

"A Searcher's Treasures" An Independent Study of God's Word This book presents interpretations both old and new, both from the writer's own studies and from the learned works of others. It is intended to help get Bible reading and study above the horizon and into view so that society can realize the greatness of God and better understand Him. The book challenges common beliefs to a degree, but to a greater degree it builds upon the foundations laid by the Church of which Jesus Christ is the Chief Cornerstone. The writer's hope is that the more we know about God, the less we will question His ways and the more we will want to love, serve, and obey Him. The author feels that the greatest goal is to be precious in the Lord's eyes, and there is no better way to do that than to introduce souls to His kingdom. The book delves into the realms of questions long-begging for answers, such as the role of evil spirits, their potential purposes, and how they can be accepted as real but yet responsive to mental health treatments. The book also searches out such things as the beginning of man in God's image, the age of the earth, and an intriguing study of how God may have always had specific time intervals in the working of His will.

Faison Corliss Richardson began writing Meditations For Daily Living 5 years ago sending them as emails to close friends and family members each morning. Since that time the emails have grown to a national ministry and ministers to a mailing list of hundreds and to countless thousands as they are shared and forwarded by many. Corliss and her husband, Pastor A. J. Richardson reside in Lawrenceville, GA and pastor Clifford Grove Baptist Church in Rayle, GA. With a heart to minister, God has called her to helping, sharing, teaching and counseling through her role as "First Lady" and Founder of Women of Worship Ministry (WOW). In addition to being blessed with 5 awesome children, God has given her 3 amazing grandsons, ages 9, 8, and 3 that fill her life with laughter, love and a lot of learning.

This book was inspired by the book of John, the first chapter. In the beginning the word already existed. The word was with God and the word was God. He existed in the beginning with God. God created everything through him, and nothing was created except through him. The word gave life to everything that was created, and his life brought light to everyone. The light shines in the darkness, and the darkness can never extinguish it. My eyes have been opened to these verses by the light of Christ penetrating into my soul leading me to see and understand the true meaning of life. Everything there is has a word attached to it. When we can take time to slow down with understanding and, yes, even break words down a little more with acronyms, the power of those words can speak life to ourselves and to others. When driving down a road, we have become accustomed to pushing on gas or the brake pedal as needed by our sight. In life, we can do the same thing with our thinking whether good or bad to steer us away from disaster or to find peace. If we only take the time and affiliate our words with knowledge just like slamming on our brakes when a kid runs out in front of us. My book will teach you how to find peace that turns into lasting joy which is surrounded by love. Little things like words put together with roots (acronyms) make our lives stronger. Here are a couple of acronyms just to get you started that have made a life-changing transformation in me: Chaos: Creating hell allowing overwhelming sin. When we act before thinking it through. Grace: God'sEUR(tm)s riches abundantly coming everyday. Now that'sEUR(tm)s treasure.
