Carver bring retailing to life, covering the latest developments in the field and detailing behind-the-scenes stories in a conversational style enlivened by full-color pictures and illustrations. RETAILING emphasizes the impact of technology and the Internet, as well as giving solid coverage to international topics and issues unique to service providers. The text also includes a thorough, integrated study guide with review questions, writing and speaking exercises, cases covering diverse retail operations, a computer spreadsheet case, and more. In addition, Planning Your Own Retail Business exercises focus on problems small business managers and owners face in day-to-day operations, helping students appreciate the financial impact of retail decisions. This engaging, reader-friendly text vividly illustrates how fun, exciting, challenging, and rewarding a career in retailing can be, even while helping students hone their skills and creativity to stay ahead of the competition and navigate an ever-changing economic environment.
