Ursula K. Le Guin by Benjamin Reed. Two decades after her nuanced meditation on growing older, Le Guin revisits the subject from another angle, perhaps the most perspectival angle there is — the question of how we measure the light of a life as it nears its sunset. Like any great writer who finds her prompts in the most improbable of places, Le Guin springboards into the existential while answering a questionnaire mailed to the Harvard class of 1951 — alumni who, if living, would all be ...

Ursula K. Le Guin discusses her fiction, nonfiction, and poetry?both her process and her philosophy?with all the wisdom, profundity, and rigor we expect from one of the great writers of the last century. When the New York Times referred to Ursula K. Le Guin as America ' s greatest writer of science fiction, they just might have undersold her legacy. It ' s hard to look at her vast body of work?novels and stories across multiple genres, poems, translations, essays, speeches, and criticism?and see anything but one of our greatest writers, period. In a series of interviews with David Naimon (*Between the Covers*), Le Guin discusses craft, aesthetics, and philosophy in her fiction, poetry, and nonfiction respectively. The discussions provide ample advice and guidance for writers of every level, but also give Le Guin a chance to to sound off on some of her favorite subjects: the genre wars, the patriarchy, the natural world, and what, in her opinion, makes for great writing. With excerpts from her own books and those that she looked to for inspiration, this volume is a treat for Le Guin ' s longtime readers, a perfect introduction for those first approaching her writing, and a tribute to her incredible life and work.

“ A fantastical travel guide, reminiscent of Gulliver ’ s Travels, ” from a narrator with “ the eye of an anthropologist and the humor of a satirist. ” —USA Today Hailed by Neil Gaiman as “ a master of the craft ” and Margaret Atwood as “ a quintessentially American writer, ” Ursula K. Le Guin is at her entertaining, thought-provoking best in this collection of ingeniously linked stories. Missing a flight, waiting in an airport, listening to garbled announcements—who doesn ’ t hate that misery? But Sita Dulip of Cincinnati finds a way to bypass the long lines, the crowded restrooms, the nasty food, the whimpering children and domineering parents, the bookless bookstores, the plastic chairs bolted to the floor. . . . With a kind of twist and a slipping bend, easier to do than to describe, Sita travels not to Denver but to Strupsirts, a picturesque region of waterspouts and volcanoes. Or to Djeyo, where she can stay for two nights with a balcony overlooking the amber Sea of Somue. This new method of “ changing planes ” enables Sita to visit bizarre societies and cultures that sometimes mirror our own . . . and sometimes open doors into the thrillingly alien. "Ursula K. Le Guin, loved by millions for her fantasy and science-fiction novels, ponders life, death and the vast beyond in *So Far So Good*, an astute, charming collection finished weeks before her death in January, 2018. Fans will recognize some of the motifs here—cats, wind, strong women — as well as her exploration of the intersection between soul and body, the knowable and the unknown. The writing is clear, artful and reverent as Le Guin looks back at key memories and concerns and looks forward to what is next: 'Spirit, rehearse the journey of the body/ that are to come, the motions/ of the matter that held you.'" insight, restless imagination, humor that is both mordant and humane, and, above all else, that connection to all creation, that 'immense what is'."—New York Journal of Books “ It ’ s hard to think of another living author who has written so well for so long in so many styles as Ursula K. Le Guin. ” —Salon “ She never loses touch with her reverence for the immense what is. ” —Margaret Atwood “ There is no writer with an imagination as forceful and delicate as Le Guin ’ s. ” —Grace Paley

Legendary author Ursula K. Le Guin was lauded by millions for her ground- breaking science fiction novels, but she began as a poet, and wrote across genres for her entire career. In this clarifying and sublime collection—completed shortly before her death in 2018—Le Guin is unflinching in the face of mor- tality, and full of wonder for the mysteries beyond. Redolent of the lush natural beauty of the Pacific Northwest, with rich sounds playfully echoing myth and nursery rhyme, Le Guin bookends a long, daring, and prolific career. From “ How it Seems to Me ” : In the vast abyss before time, self is not, and soul commingles with mist, and rock, and light. In time, soul brings the misty self to be. Then slow time hardens self to stone while ever lightening the soul, till soul can loose its hold of self . . . Ursula K. Le Guin is the author of over sixty novels, short fiction works, translations, and volumes of poetry, including the acclaimed novels *The Left Hand of Darkness* and *The Dispossessed*. Her books continue to sell millions of copies worldwide. Le Guin died in 2018 in her home in Portland, Oregon.

social conscience. Here she investigates the depth and breadth of contemporary fiction--and, through the lens of literature, gives us a way of exploring the world around us. In "Freedom," Le Guin notes: "Hard times are coming, when we'll be wanting the voices of writers who can see alternatives to how we live now ... to other ways of being, and even imagine real grounds for hope. We'll need writers who can remember freedom--poets, visionaries--realists of a larger reality." Le Guin was one of those authors and in *Words Are My Matter* she gives us just that: a vision of a better reality, fueled by the power and might and hope of language and literature.

These five superlative, evocative and enchanting stories range from a few hundred years before *A Wizard of Earthsea* to just before *The Other Wind*, and feature some of Le Guin's most popular characters, including the Wizard Ged himself. The stories are rounded off with an essay about *Earthsea*'s history and people. No *Earthsea* fan will want to be without this magical collection.

celebrate Le Guin ' s lasting legacy and influence on that most subversive of human faculties: the imagination. Fonda Lee ' s " Old Souls " explores the role of violence and redemption across time and space; Rachael K. Jones ' s " The Night Bazaar for Women Turning into Reptiles " touches on gender oppression and a woman ' s right to choose; Molly Gloss ' s " Wenonah ' s Gift " imagines coming-of-age in a post-collapse culture determined to avoid past wrongs; and Lidia Yuknavitch ' s " Neuron " reveals that fairy tales may, in fact, be the best way to understand the paradoxes of science. Other contributors include Curtis Chen, Kesha Aj s -Fisher, Juhea Kim, Tina Connolly, David D. Levine, Leni Zumas, Rene Denfeld, and Michelle Ruiz Keil, with a foreword by David Naimon, co-author (with Le Guin) of Ursula K. Le Guin: Conversations on Writing.

Winner of the PEN/Malamud Award for Short Story A New York Times Notable Book In these "vivid, entertaining, philosophical dispatches" (San Francisco Chronicle), literary legend Le Guin weaves together influences as wide-reaching as Borges, The Little Prince, and Gulliver's Travels to examine feminism, tyranny, mortality and immortality, art, and the meaning--and mystery--of being human. Sita Dulip has missed her flight out of Chicago. But instead of listening to garbled announcements in the airport, she's found a method of bypassing the crowds at the desks, the nasty lunch, the whimpering children and punitive parents, and the blue plastic chairs bolted to the floor: she changes planes. Changing planes--not airplanes, of course, but entire planes of existence--enables Sita to visit societies not found on Earth. As "Sita Dulip's Method" spreads, the narrator and her acquaintances encounter cultures where the babble of children fades ' over time into the silence of adults; where whole towns exist
