Chanrithy Him felt compelled to tell of surviving life under the Khmer Rouge in a way "worthy of the suffering which I endured as a child." In a mesmerizing story, Chanrithy Him vividly recounts her trek through the hell of the "killing fields." She gives us a child's-eye view of a Cambodia where rudimentary labor camps for both adults and children are the norm and modern technology no longer exists. Death becomes a companion in the camps, along with illness. Yet through the terror, the members of Chanrithy's family remain loyal to one another, and she and her siblings who survive will find redeemed lives in America. A Finalist for the Kiriya Pacific Rim Book Prize.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

At the end of the world, a woman must hide her secret power and find her kidnapped daughter in this "intricate and extraordinary" Hugo Award winning novel of power, oppression, and revolution. (The New York Times) This is the way the world ends. . .for the last time. It starts with the great red rift across the heart of the world's sole continent, spewing ash that blots out the sun. It starts with death, with a murdered son and a missing daughter. It starts with betrayal, and long dormant wounds rising up to fester. This is the Stillness, a land long familiar with catastrophe, where the power of the earth is wielded as a weapon. And where there is no mercy. Read the first book in the critically acclaimed, three-time Hugo award-winning trilogy by NYT bestselling author N. K. Jemisin.

Root Beer Floats is a true story about growing up in small-town America during the 1950's. It captures the essence of the author's relationship to the beloved town of his youth during one of America's most exciting decades. From the day his father comes home after WWII, to the day he leaves the town in search of his future, he shares with us a colorful collection of his childhood memories. Brought up in a family that counted every penny, life was simple and sweet. We learn that at a young age, his love of root beer floats not only satisfies his overactive sweet tooth, but also leads him into a battle with temptation, a battle he loses all too easily. A few years later, he finds two warm beers on a hot summer night every bit as tempting. From the fine art of car-hopping on a snowy winter's day, to having his eye nearly "put out" in a walnut fight, his story portrays a childhood filled with delight and optimism, a dose of which should brighten the hearts of all who partake.

Best known for his academy award-winning role as Dith Pran in "The Killing Fields", for Haing Ngor his greatest performance was not in Hollywood but in the rice paddies and labour camps of war-torn Cambodia. Here, in his memoir of life under the Khmer Rouge, is a searing account of a country's descent into hell. His was a world of war slaves and execution squads, of senseless brutality and mind-numbing torture; where families ceased to be and only a very special love could soar above the squalor, starvation and disease. An eyewitness account of the real killing fields by an extraordinary survivor, this book is a reminder of the horrors of war - and a testament to the enduring human spirit.

A journey through a land where Milo learns the importance of words and numbers provides a cure for his boredom.

From the bestselling author of *Charlie and the Chocolate Factory* and *The BFG!* Last seen flying through the sky in a giant elevator in *Charlie and the Chocolate Factory*, Charlie Bucket's back for another adventure. When the giant elevator picks up speed, Charlie, Willy Wonka, and the gang are sent hurtling through space and time. Visiting the world's first space hotel, battling the dreaded Vermicious Knids, and saving the world are only a few stops along this remarkable, intergalactic joyride.

Pioneer heart surgeons and bitter rivals: The "thoroughly engrossing" true story of doctors Michael DeBakey and Denton Cooley (*The New York Times Book Review*). By 1970, the Texas Medical Center in Houston was the leading heart institute in the world, home to the field's two most distinguished surgeons: Dr. Michael Ellis DeBakey and his young and ambitious disciple, Dr. Denton Arthur Cooley. Their combined mastery in occlusive disease, coronary artery bypass surgery, angioplasty, and heart transplants was unparalleled. For years they worked across the same operating table focused on, and fighting toward, the same lifesaving goals. But what began as a personal friendship and a mutually respectful professional partnership soon deteriorated into a jealous and embittered feud. Though their discord was a cause célèbre among colleagues, it would take award-winning investigative journalist Thomas Thompson to uncover the stunning betrayals and simmering resentments that fueled one of the most famous rivalries in the history of medicine. Weaving the story of DeBakey and Cooley with the stories of patients suffering life-threatening medical conditions, Thompson paints a fascinating portrait of the risks and rewards of cutting-edge science. From devastating tragedies to miraculous breakthroughs, *Hearts* is a richly detailed and utterly "compelling" account of the turmoil and tension behind one of the greatest medical achievements of the twentieth century (*Time*).

Fans of *Girl, Interrupted*, *Thirteen Reasons Why*, and *All the Bright Places* will love this New York Times bestseller. "A haunting, beautiful, and necessary book that will stay with you long after you've read the last page."—Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a Star* Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. "Girl, Interrupted meets Speak."—Refinery29 "A dark yet powerful read."—Paste Magazine "One of the most affecting novels we have read."—Goop "Breathtaking and beautifully written."—Bustle "Intimate and gritty."—The Irish Times And don't miss Kathleen Glasgow's newest novel *How to Make Friends with the Dark*, which Karen M. McManus, the New York Times bestselling author of *One of Us Is Lying*, calls "rare and powerful."
